# R.A.F. Attacks in Greatest Raid By Daylight of War

**Five Hundred Fighters Over Coast of France With Four Canadian Squadrons Escorting Flying Fortresses to Bomb Railway Yards at Amiens—No Plane Reported Lost**

LONDON, Aug. 20 (CP). — In the greatest daylight aerial offensive of the war, 500 Allied fighter planes raided the invasion coast of France today while Flying Fortresses bombed the Amiens railway yards. Previously the Allies have limited the number of planes in a similar daytime operation to about 300.

The widespread attack, too, was a continuation of the daytime use of the huge American four-motored bombers, a recent innovation.

NO PLANE LOST

The fact that not a single plane was reported lost and only slight fighter opposition was encountered was regarded by British authorities as further indication of the severe mauling the Nazi Air Force took in the battles over Dieppe.

Four Canadian squadrons, in the forefront of yesterday's titanic air duel over Dieppe, were in action again today, escorting the flying fortresses to Amiens.

A communique announced that one German aircraft was destroyed during the operation, but did not indicate whether it was shot down by the Canadians or by one of the bombers.

THE COMMANDERS

The Canadian squadrons were commanded by Squadron Leaders Keith Hodson, of Ottawa; Norm Bretz, of Toronto; Kinsley Lee, of Toronto, and R. B. Hewton, an Englishman in the R.C.A.F.

The operations extended from Le Havre up the French Coast to Furnes, above Dunkerque.

Direct hits were scored on numerous targets attacked by the raiders.

The intensity of the raiding was discussed by the story of the Belgian pilot of a R.A.F. fighter plane:

"I saw fifteen bursts on the target and most of the hits were on sheds and locomotive depots," he said. "Great mushrooms of grey smoke went up after the bombs were dropped."

# SEIZE GERMANS FOR HOSTAGES

**Taken From Ships in Rio de Janeiro Harbor by Brazilians**

RIO DE JANEIRO, Aug. 20 (AP). — German nationals aboard two merchantmen ships were seized today in the harbor here as hostages for interned Brazilians in occupied France as Brazil announced the loss of her sixth ship to Axis torpedoes in a submarine warfare campaign.

A Presidential order declared the Germans must remain in Brazil "as hostages for our countrymen held at Compiegne by the famous French town where the Armistice of both 1918 and 1940 were signed—with the French their victors, using as victims of the Germans."

The ships have a concentration camp at Compiegne for American whose citizens are at war or have broken relations as Brazil has done with the Germans.

WILL BE CONVOYED

Tonight President Getulio Vargas announced that henceforth Brazilian merchantmen moving through the usual sea lanes would be convoyed by the navy and air force "by co-operation with the United States Navy and Air Force."

The hostage order excepted only those with diplomatic status among the Germans awaiting repatriation via Lisbon on the exchange ships Drottningholm and Gripsholm. The two ships had been scheduled to sail early this week, but were held in port when the submarine crisis flared up.

# Complying With Dim-Out Order

SAN FRANCISCO, Aug. 20 (AP). — Civilian defence officials sought tonight to smooth out the rough spots in enforcing the Pacific Coast's new dim-out order, and reported that the first night's effort was excellent.

"People realize the seriousness of the situation, and are co-operating splendidly," said Jack Helms, San Francisco O.C.D. director of civilian in the dim-out area from Canada to Mexico reported excellent public compliance.

# Report Tells of Mopping Up in South Pacific

**U.S. Naval Communique Indicates Clear Command Of Situation Ashore**

WASHINGTON, Aug. 20 (AP). — **The United States thrust at the Solomons Islands today reached the advanced stage of mopping up remnants of Japanese forces apparently left stranded there when enemy warships were destroyed or forced to withdraw.**

The Navy Department said that while marines were busy with this task, Japanese aircraft, destroyers and submarines engaged in a casual bombardment of the area with shore positions. They inflicted only minor damage, but a Japanese destroyer or cruiser was bombed and set afire by American aircraft

UNINTERRUPTED SUCCESS

Thus, the Navy's first communique in three days on the offensive in the Solomons brought word that it was continuing with uninterrupted success. It also brought evidence corroborating the general assumption that the marines have installed themselves in positions from which they will not easily be dislodged.

The Navy gave no details of the fighting.

The destruction or disabling of ships in the harbor and the defeat of the Japanese Zeroes at sea obviously left the Japanese troops on the islands cut off. Many of them were killed in action, the Navy had reported, and many prisoners were taken.

Presumably, the rest sought refuge in the jungle-clad hills which in the case of Guadalcanal island, the principal one in the Solomons group, rise to heights of 8,000 feet.

# *Vichy Hears Nazi-Spiced Raid Story*

VICHY, Unoccupied France Aug. 20 (AP). — Hand-in-hand fighting in the Dieppe battle with British troops in modern weapons of war poured shells into the historic city was described today in French accounts telephoned to this capital from the scene of the tremendous naval raid.

Chief of State Petain was given a full report on operations read by King von Nidda, German Consul-General in Vichy.

Underscoring Berlin's report Vichy officials spoke of the "complete failure" of the landing attempt against twenty-five French civilians dead.

This account showed fourteen French civilian dead and a score wounded at Dieppe, eight dead and twenty-six wounded at Arques, and three dead and thirty-five wounded at Neuville la Dieppe.

German sources in Vichy ad-

# *No Fanfare Is Given to Heroes Back From Raid*

**Comradely Welcome Given Men Returning From Blood-Stained Beaches of Dieppe—Cost Heavy**

Rene Maurin, Canadian Press war correspondent and only Canadian newspaperman to accompany the Canadian Forces across the English Channel, today provided a remarkable first-hand story of the Dieppe raid. Maurin, who is a native of Quebec City and graduate of the University of Toronto, and who has been reporting in France for the Canadian Press bureaus in Toronto, Montreal, Ottawa, New York and London, was

By ROSS MUNRO
Canadian Press War Correspondent

(Copyright, 1942, by The Canadian Press)

**WITH THE CANADIAN RAIDING FORCE AT AN ENGLISH PORT, Thursday, Aug. 20 (by CP).—Back from the blood-stained beaches of Dieppe, I sailed into this port with a battered landing-craft flotilla which brought scores of battle-worn Canadians to England again after the spectacular Combined Operations raid on the French coast.**

Bloody troops that stormed the formidable defences of Dieppe in a bold thrust from the sea laboriously climbed up on the dock and walked slowly in trucks that took them to a reception camp a few miles away. There was no comradely fanfare for the returning warriors

GRINNED A WELCOME

Workers sailors and soldiers at the dock just grinned a welcome and put a friendly hand on the shoulder on the tired troops.

These were the men with whom I set out in the dusk of Tuesday night for the afternoon of Dieppe.

But their ranks had thinned to the extent of the official communique. Casualties were high."

This Canadian assault force the greatest yet sent out in this war, met withering fire

The men returning to this port brought wounded with them, men who had been caught in the blazing German fire. They tenderly lifted them into ambulances and ambu-

# Dieppe Raid Described As Successful Exploit To Test Nazi Strength

# *King Cables McNaughton For Canada*

OTTAWA, Aug. 20 (CP). — Prime Minister Mackenzie King today cabled Lieut.-Gen. A. G. L. McNaughton, commander-in-chief of the Canadian Army overseas, that the people of Canada shared with the Canadian troops raiding Dieppe "that satisfaction of their opportunity to strike a telling blow at a Nazi stronghold."

The text of Mr. King's cable follows:

As Canada has been deeply stirred by the account of yesterday's raid on Dieppe. We are proud to learn that Canadian troops had been given a foremost place in the operations. The courage and determination shown by the men of Canada's army was no surprise. We all knew there were no finer disciplined no more resolute men in any fighting force. We are delighted to know that in the magnificent opportunity given to the navy and air force there were large numbers of your own air force.

Through the long hard months of training and waiting for action, the people at home have shared the impatience of our soldiers. Yesterday we shared with them the satisfaction that the opportunity to strike a telling blow at a Nazi stronghold after being so filled with responsibility for the families of those who fell in a time of war and for the wounded and maiming. Their sacrifice has strengthened the country's determination to give the utmost support to our fighting men on land, at sea and in the air.

Will you convey on behalf of the Government and the people of Canada to the officers and men who participated in the operation the expression of our deep admiration of their memorable exploit

## BULLETIN

SUBMARINE SUNK

RIO DE JANEIRO (Friday) Aug. 21 (A.—Dispatches from Porto Alegre indicated today that a United States plane had sunk another Axis submarine off the Brazilian coast—the third undersea raider reported sunk in those waters in recent days.

United States fliers were credited with one of the two previous sinkings. At least two other submarines have been reported attacked and two others sighted since last week-end.

# STEEL INDUSTRY FACING STRIKE

**Leader of Mill Workers Says Prospects of Averting Stoppage Slender**

SAULT STE. MARIE Ont. Aug. 20 (CP).—C. H. Millard, Canadian director of the United Steel Workers of America, CIO, said tonight the prospect of averting a major stoppage in at least a large part of Canada's basic steel industry is dwindling slender indeed.

Mr. Millard said in a statement he would appeal to Prime Minister Mackenzie King on behalf of 4,000 steel workers of Sault Ste. Marie and as many more in Sydney, N.S. to bring about without delay a satisfactory and equitable solution of the wage rate problem.

The steel workers of the Algoma Steel Corporation plant here and of the Dominion Steel Company at Sydney, he said, "are no longer willing to have their rights as citizens or their needs as workers ignored."

Mr. Millard's statement followed announcement last night by the stewards committee of the union that it had given him complete authority regarding any further steps in seeking to implement the union's demand for a 44-cent hourly basic labor wage rate.

# *Envoys Back From Britain*

NEW YORK, Aug. 20 (AP).—William C. Bullitt, traveling as special assistant to the Secretary of the United States Navy, arrived tonight aboard a trans-Atlantic Clipper from a "special mission" in the British Isles. Also aboard the Clipper was Wailey Nash, New Zealand Minister to the United States, who was returning from a three months visit to London where he attended meetings of the British War Cabinet

LOOTER IS FINED

CALGARY, Aug. 20 (CP).—Stuart E. Rode twenty-seven, of Delburne Alta., was fined $10 and costs in police court at Trochu this week when he pleaded guilty to a charge of stealing a clock from the pastor of an R.C.A.F. plane which crashed at Delburne on July 18.

Headquarters Command Issues Official Communique To Detail Phases of Action

LONDON, Aug. 20 (CP).—A total of 276 German planes probably were destroyed or damaged in "one of the greatest air battles of history, and the Nazis had to send aerial reinforcements from all parts of occupied France, Holland and Belgium" during the Allied commando raid on Dieppe, a communique of today said.

The most comprehensive combined operations headquarters announcement yet issued said ninety-one Nazi planes definitely were destroyed and about twice that number "have probably been destroyed or damaged."

The raid was described as a successful demonstration of co-ordination of all three services in which ten Nazi shore batteries and a radio locating station were destroyed by naval bombardments and a number of prisoners captured and many casualties inflicted on the enemy.

The communique disclosed that the entire military force in the raid was commanded by Maj.-Gen. J. H. G. Roberts, Canadian division commander

SHANT ON LOSSES

Allied plane and personnel losses were not disclosed but previous dispatches have said many Allied planes were lost and that the small troops suffered severe casualties. The strength of the Allied attacking force likewise was not given

# SOUNDS WARNING OF OIL SHORTAGE

SEATTLE Aug. 20 (AP). — A warning of probable gasoline and fuel oil shortages this Winter in the Pacific Northwest, with possible rationing—came today from Clarence A. Bonnemeyer, chairman of the marketing committee for the fifth district under the petroleum coordinator.

The increased needs of the armed forces in the war effort, he said, made possible Government commandeering of tankers may participate the curtailment he said.

Every industry, school, public building and home in the state is being put on annual fill limit figuring immediate as advocated. This is not hoarding. What we need now is storage capacity, while we can still ship in oil.

# *Killed When Car Falls Over Cliff*

FERNIE BC Aug. 20 (CP).—Owen Corrigan, Coal Creek miner was killed, his wife and four children badly injured and three other children slightly hurt when their car left the highway and plunged over a 100-foot cliff near Fernie today.

# From Europe Day by Day—

THE TIMES, London

*News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province*

(Copyright, 1942, by Southam Co.)

LONDON, Aug. 20 — Canadian, British, United States and Fighting French troops spent nine hours in their tremendous raid on Dieppe smashing German targets with tanks, artillery and aircraft and gaining important experience in combined operations.

Air fighting was intense and eighty-two Nazi aircraft were shot down by the Royal Air Force and by naval craft and 100 more probably destroyed.

Operations, says the official naval correspondent of The Times, were notable for the fact that ground troops were provided with such support on an unprecedented scale. All day fighting the air was filled with British fighters and bombers and the Luftwaffe was forced into battle on a scale unknown since it was defeated in the Battle of Britain. During the tremendous struggle of 1940 over Southern England they were at several times as big as the Royal Air Force. But this time over France the Nazis, the best-trained fighting air force in the world, were hurling 400 to 500 machines at once in massed attacks on strongly-defended positions. Many of the 100 Nazi aircraft claimed as probably destroyed or damaged, but owing to the speed and confusion of the fighting their destruction could not be confirmed.

The British loss of ninety-one machines is the greatest in a single day since the war started, but the figures of comparable size in any other kind will certainly impel the Germans to bring air reinforcements to France from the Russian front. Thus indirectly Britain's aid will be helped.

Air operations were minded into the darkness of night and the Nazis had to send aerial reinforcements from all parts of occupied France, Holland and Belgium during the Allied commando raid on Dieppe, a communique of today said.

The most comprehensive combined operations headquarters announcement yet issued said ninety-one Nazi planes definitely were destroyed and about twice that number "have probably been destroyed or damaged."

The raid was described as a successful demonstration of co-ordination of all three services in which ten Nazi shore batteries and a radio locating station were destroyed by naval bombardments and a number of prisoners captured and many casualties inflicted on the enemy.

# *Is Hailed as Great Story Of the War*

By The Canadian Press

The Canadian soldiers for the first time since 1918 are the heroes of newspaper today. There were pictures of him, stories of his gallantry under fire and editorial comment on his fault on Dieppe. On top of all this was the word that Gen. A. G. L. McNaughton, Canadian Army commander-in-chief, had cabled congratulations on August 20, as he had several days before at the departure of the Canadian Army.

They will take the train at once to their homes and many of them for the first time in months will see their families.

In order to avoid delays with reservations by United States authorities which might lead to them being held some time in New York the Canadian Government has arranged to have them direct to Canadian territory without permission of American authorities with the public. It is expected the group will reach Montreal during the middle of next week and some time during the day.

The group includes Dakar fighters, former charge d'affaires at

# *Heroic Canadian Flyers Battle on French Coast*

**Every Dominion Fighter and "Cut-up" Squadron in Action—Many Nations Represented in Furor**

By ALAN PANTAL
(Canadian Press Staff Writer)

LONDON, Aug. 20.—A new chapter was added to the brilliant history of the R.C.A.F. overseas in stories of the exploits of men who helped make possible the success of the Dieppe raid come from a dozen air stations scattered over the rolling countryside in Southern England.

Based on the greatest array of aircraft the Germans ever mustered in the West against an attacking force Canadian fighter and army co-operation squadrons fought the fiercest all-outstanding aerial battle, dawn to dusk and provided protection for the ground troops and ships.

The battle was the greatest air battle of the war against an attacking force in which Canadians have participated, and the greatest in which any Canadian fighter squadron has been engaged.

Every Canadian fighter and army co-operation squadron overseas took part and members of these formations with the scores of Canadians in R.A.F. units formed a considerable proportion of the United Nations force which was comprised not only of men from all parts of the Empire but from the United States

# RUSSIANS BEAT OFF ENEMY ASSAULTS IN STALINGRAD SECTOR

**German Force Wiped Out After Crossing Don River—Nazis Make Small Gains in South and West Caucasus—Soviets Retain Initiative On Four Northern Fronts**

## Battle for Rail Station

MOSCOW, Aug. 21 (Friday). (AP)—The Red Army defending Stalingrad was reported officially early today to have wiped out a German force which had crossed the Don River, while other Soviet units fought off constant German attacks inside the Don bend itself southeast of Kletskaya

In the Southern and Western Caucasus the Soviets acknowledged slight German gains against Russian defensive forces fighting east of Pyatigorsk in the Caucasian foothills and north of Krasnodar on the railway leading to the Black Sea port of Novorossiysk.

Resistance at Kletskaya, the communique said, has been fought in several engagements against enemy forces attempting to cross the Don. An enemy group which crossed has almost completely annihilated 500 Germans being killed.

The fight southwest of Stalingrad on the Krasnoarmeisk railway line was without decisive results to either side the communique said.

SINK 8 TRANSPORTS

The Russians said they sank a 17,000 ton German transport in the Black Sea

Battle dispatches from four southern sectors today failed to show the Red Army lost the initiative in increasingly hard fighting. Three were from the Don, 220 miles southwest of Moscow, the Voronezh district 100 miles west of Moscow, the Kalinin Bahn sector, northwest

# Chinese Wrest Railway From Enemy Control

**Success Marks Defensive Tide In Battle of Eastern China**

CHUNGKING, China Aug. 21 (Friday, 7 — Chinese troops commanded by "Little Tiger" General Hsueh Yueh, hero of Changsha, have regained Kwangsi and Shangjao to wrest from Japanese control a 161-mile stretch of the Eastern Kiangsi Railroad, dispatches said today.

This development, combined with the capture of Wuchow, port in Kwangsi province, Chekiang Province marks a definite turn in the Battle of Eastern China which began thirteen weeks ago Chinese quarters said. The Japanese primary motive has been to remove the menace of air bases within range of Tokyo.

Kweilai was retaken Wednesday afternoon and the walled city of Shangjao was cleared of Japanese and its railway yard. Chinese troops pushing northward along the railway has retained and passed Kwangsi, which was reported yet also in the Japanese.

Retreat of the Japanese future to vent southward along the railway to Wuchow into the Wenchow area, where they believed that the Japanese might be withdrawing their troops from Foochow and China penetrations to a strike at Siberian Russia.

# SCORE HITS ON TIMOR TARGETS

**Japanese Fuel or Ammunition Dumps Destroyed by Allied Bombers**

ALLIED HEADQUARTERS Australia Aug. 21 (Friday).—(AP)—Allied bombers have scored hits on targets area of Maubisse in the centre of Japanese held Dutch Timor yesterday, and large explosions indicated that fuel or ammunition dumps have been hit a communique announced today.

Four planes returned it adjoint

The attacks followed Wednesday's attack on Japanese warships at Koepang, Dutch Timor, 100 miles northwest of Maubisse, when United States marine operations are based.

A headquarters spokesman here said that no damage should be drawn from the lack of activity in the northwestern sector. The Navy communique said.

Japanese and Allied troops still face each other in the hills 10 miles between Ilomil and the Allied base at Aitutu, which is 10 miles more later been no recent fighting. Allied reconnaissance reported no Japanese movement in this area.

Australia radio were silent today as it has later been for almost a week—since the fall of Japanese forces which fought the Allies in landings in the Tulagi and Guadalcanal areas.

But Japanese communiques again broadcast by Tokio radio today announced a wave of victory propaganda, a bitter concentrated on Australia, the Allies for declaring the crushing magnitude of their naval losses.

Tokio's real propaganda is strong Japanese have at the northern tip of the Solomons. It was the first time Japanese naval units might be referred to by the pressed assault on Vice Admiral Robert Lee Ghormley's forces since they repulsed Japanese warships from Tulagi in the opening hours of the Solomon offensive.

# *Moslems Call for Guarantee*

NEW DELHI Aug. 20 (CP-Reuter). — The working committee of the Moslem League today issued a resolution declaring it will consider any proposal for establishment of a federal government in India only on the same time warning that Britain must first accept Pakistan, an Indian Moslem state.

The resolution was approved by the committee after several days' discussion during which it underwent modifications. It said the League would be willing to negotiate with any other political parties provided Moslem insistence on the principle of pakistan—separate Moslem and Hindu states—is recognized.

The League called upon the British Government to issue an unequivocal declaration guaranteeing Moslem rights to self-determination

# TANKS BACK IN ENGLISH TOWN

**Crews From Calgary Welcomed and Fed by Cheering Inhabitants**

AN ENGLISH EAST COAST [illegible] Calgary Tank Regiment, which led the way into Dieppe yesterday, drove the remnants of their battle-smashed tank formations through the town tonight as cheering, flag-waving crowds offered the Western soldiers food beer and cigarettes.

This was the first news that any of the tanks taken to France were transported back to England. The combined operations communique last night Wednesday said "Tanks which had been loaded and some of which succeeded in breaking [illegible] the town were ordered to be blown up and destroyed before our troops re-embarked."

Mud-splashed but cheerful, some of the Canadians stopped off at the local public house.

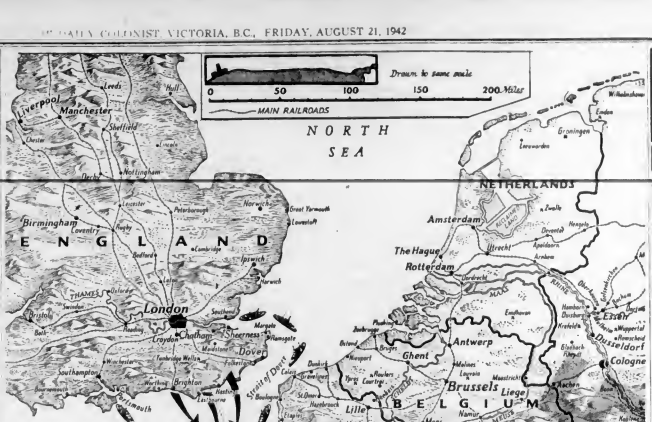
Women came running from their homes with offerings of meat pies and other food for the heroes of Dieppe.

"We can't say much," said one Canadian. "It was great but it really was not while it lasted. We gave the Germans something to think about."

One of the officers who led the Canadian tank assault was Major J. Bagg, of Calgary.

**TO PAY BONES**

MONTREAL, Aug. 20 (CP) — Nearby Verdun will be one of the first Canadian municipalities to pay maximum cost-of-living bonus to its civic employees it was reported here today.



THE Dieppe raid had a specific military objective. Dieppe itself lies midway between the mouths of the Seine and the Somme Rivers. Only about thirty miles inland is the railway junction of Forges les Eaux, where the railway systems connecting Rouen and Amiens are joined. The harbor itself has four inner basins which are fed by the tidal waters through lock gates. These are shut at high tide, and the basins keep vessels floating in deep water while the tide is out. There is also a drydock.

German submarines operate from Dieppe and can be repaired there. Moreover, assault craft built in various places can be brought down to Dieppe and are floated and garaged, so to speak, in the basins. If the lock gates giving entry to these basins have been smashed, their usefulness is confined to the short periods of high water.

The scale of the operations suggests that a number of objectives were set which included the destruction of shore batteries, the interruption of railway communications, the demolition of lock gates and the blowing up of the drydock. Since the assault was made on a forty-mile front, and penetrated well inland, enemy air bases may also have been attacked and damaged.

One thing about this Dieppe raid which is encouraging is the undoubted fact that it cannot stand alone. From every point of view it must be followed up by more of the same kind, with the scope ever widening as the resources grow. The people of the occupied countries have pricked up their ears and taken notice. Our Russian allies, though not entirely reassured, are decidedly interested and hopeful. Should too long a period elapse before further aggressive action is taken there will be a general relapse into skepticism and discouragement.

On the accompanying map we have indicated the area occupied by Allied forces, shown the probable routes taken, and the naval bases from which the larger warships were drawn. It will be noted that Allied forces were operating a short distance from Rouen, which was heavily attacked in daylight by Canadian and American aircraft on Monday. It may be that there is some connection between the two operations.

# RAID DESCRIBED AS SUCCESSFUL

Continued from Page 1

The communique announced the loss of a fairly large number of landing craft and the 906-ton destroyer Berkeley "which was so seriously damaged that she had to be sunk by our own forces." Most of the crew was saved.

Commenting on the strength of the German coastal defences the communique said: "It became clear during the raid that the enemy had brought additional troops and guns to the Dieppe area quite recently."

Despite the German call for air reinforcements from their Western European bases, the Allied headquarters said, many of three enemy aircraft were engaged before they ever reached the area of operations, large formations being broken up and dispersed, particularly over the mouth of the Somme" northeast of Dieppe.

**OFFICIAL COMMUNIQUE**

The communique said:

Reports now received from force commanders make it possible to give a full, co-ordinated story of combined operations of the raid in the Dieppe area.

These reports show that as a combined operation the raid was a successful demonstration of co-ordination of all three services.

A large military force embarked en board naval vessels and transports. This force was assembled and organized the most hazarding sea passage and arrived off the selected points off the French coast at 4:50 a.m. (8:50 p.m., Tuesday P.D.T.).

The troops were landed on all six beaches selected at the time laid down. Aircraft covered these landings as arranged and then continued to cover the ships and men throughout operations.

The raid had as its objective the testing by an offensive on a large scale than previously of defences of what is known to be a heavily defended section of the coast, destruction of German batteries, of a radio location station which plays an important part in German attacks on our channel convoys, destruction of certain military personnel and equipment, and the taking of prisoners for interrogation. The raid was a reconnaissance in force having a vital part in our general offensive policy.

**ENEMY FORCE KNOWN**

"It was known that as a consequence of our avowed aggressive policy the Germans had recently been heavily reinforcing the coastal defence of the whole of the occupied territory. Heavy opposition was therefore anticipated. In fact, it became clear during the raid that the enemy had brought additional troops and guns to the Dieppe area quite recently.

"Despite this heavy opposition the forces were landed on all beaches together with some tanks. They succeeded in destroying two batteries and a radio-location station inflicting heavy casualties upon the enemy forces and in sinking 16 R.N. and the military force was under Major-Gen. J. H. Roberts, M.C., and the air force was under Air Marshal T. L. Leigh-Mallory, C.B., D.S.O.

"The military forces were drawn from the following units of the Canadian Army: The Royal Regiment of Canada, Royal Hamilton Light Infantry, Essex Scottish Regiment, Cameron of Canada, Fusiliers Mont-Royal, South Saskatchewan Regiment, 14th Canadian Army Tank Battalion.

"In addition the following Special Service Brigade troops took part. No. 3 and 4 Commandos, Royal Marine A Commando a detachment from the United States Ranger Battalion and a small contingent from the Inter-Allied Commando (No. 10).

"In addition to the Canadian units named, it was disclosed tonight that a detachment of the Black Watch (Royal Glnd Highlanders) from Montreal operated with the Royal Regiment of Toronto in the landing at Puits.

Officials and non-commissioned officers of the Royal Canadian Artillery were with the assault troops to co-ordinate the naval bombardment with army operations ashore.

# SEIZE GERMANS FOR HOSTAGES

Continued from Page 1

The navy announced virtues of recent submarine attacks was the small coastal steamship Jary, sunk yesterday off Port Iracure in the northeastern state of Bahia. Persons, including Brazilian troops perished in the five sinkings.

The submarine commander forced a Polish destroyer and some Fighting French Chasseurs, was under command of Captain J. Hughes-Hallett, all on board to abandon ship in small boats, then sang the Jary.

Maritime sources reported that still another submarine was sighted this morning in the Southwestern Atlantic.

# WILLKIE GOING ON WAR SURVEY

**Leaving Shortly for Three Weeks' Tour of East and Russia**

WASHINGTON, Aug. 20 (AP) — Wendell L. Willkie announced today he would leave on a three-weeks for the Near East and Russia on a trip to "perform certain services for the Government."

President Roosevelt Willkie said asked him to undertake these services. It is appropriate he added now for the President to say what their nature is.

**MAY SEE STALIN**

The 1940 Republican President-nominee did assert that "of course he hoped to see Generalissimo Stalin Russian Premier. Also he hopes to visit fighting fronts.

Willkie emphasized however that the trip was his own idea and that he had had to seek the sanction of the United States and the Governments of the countries that he will visit before he could make it. He plans to be back not later than October 15.

It had been rumored several weeks ago that Willkie might go to India for the United States Government to mediate the Anglo-Indian trouble, but when he was asked today whether he proposed to intervene in any respect in the Indian situation he asserted flatly that it was obvious from his itinerary that he did not intend to do so.

BUDAPEST (From German Broadcasts, Aug. 20 (AP)—Stephan Horthy, son of Admiral Nicholas Horthy, Regent of Hungary, today was reported killed on the Russian front where he was a flight lieutenant with Axis forces.

He had been given the title of deputy regent, and left Hungary for active service on the Eastern Front only a few weeks ago. Young Horthy, thirty-eight was widely known as a sportsman flier and often piloted a small plane from Hungary to India and back.

HARRIS—
and "something new has been added!"
Impossible to add anything to the beauty or color and texture of the famous wearing qualities of this world-renowned Scottish product—but in these latest arrivals there has been added a style, a finish in detail and fine tailoring that adds immeasurably to their desirability.
Some with authentic Tartan linings, some all-satin lined, others with zippered-in Tarten lining on top of satin lining, and every one has that distinguished look that SHOULD characterize a genuine Harris Tweed.

# Nazi Officers Among Prisoners From Dieppe

## Land in Britain Yesterday—Last of Wounded Are Taken Ashore at a Southern British Port—Hospital Trains in Waiting

By FOSTER BARCLAY
Canadian Press Staff Writer

A SOUTHERN BRITISH PORT, Aug. 20 (CP).—The last of the wounded came back from the Dieppe combined operations today under the two-way air traffic of their own R.A.F.-R.C.A.F. umbrella and roaring new attacks being developed against occupied Europe.

Most of the wounded were Canadians, but there were a lot of German prisoners, including a large proportion of officers, some of them pot-bellied, and one seventeen-year-old kid, a private.

This town has no facilities for taking care of prisoners, so the Canadians ringed up a barbed-wire enclosure and herded them in.

### SOME SOUVENIRS

There was booty visible too. One Canadian carried a German rifle and many had German helmets. One man had captured a letter from a German. He walked down the street waving it and asking for someone who could translate it for him.

One of the last barges to come in carried a Canadian soldier who had been in the sea three hours and survived although he cannot swim. He was wearing a life jacket.

### THE GERMANS OFTEN SHOOT

The Germans often swept the sea with machine-gun fire he said. "I kept my steel helmet on but my main concern was whether the Jerries would puncture my Mae West jacket with a stray bullet. They did not and I was hauled into one of our ships after three hours."

Some of the Canadian wounded were loaded into hospital trains drawn up alongside the quay. Others were rushed in a big dance hall which had been converted into a radically different station.

### AMERICAN RANGERS

With the Canadians were a number of American Rangers who went for the ride to learn how such jobs are done. They will be instructors in their own army.

The men who roamed the streets of this town tonight—those who were not too tired to stay awake—loudly praised the air force. They watched the routine patrols flying overhead and one said:

"They've got it, three fellows. They really helped plenty."

All but the most desperately wounded came ashore singing, shouting and grinning. They were tired and some were pale, but none could help laughing at the silliest casualty of all.

He was a British marine. He received some minor bruises fighting at Dieppe without a scratch. Nothing happened to him on the way back. He came ashore and accidentally shot himself in the hand.

### VOTE TO STRIKE

SYDNEY, N.S., Aug. 20 (CP).—Workers at the Sydney steel plants of the Dominion Steel & Coal Corporation voted overwhelmingly today in favor of a strike to emphasize demands for higher pay.

## NO FANFARE FOR RETURNING HEROES

Continued from Page 1

lance brains and took them off to Canadian army hospitals.

### PART OF THE PRICE

This was part of the price the Canadians paid for the nerve assault on the Channel coast—then were comrades left on the gravel beaches of Dieppe and in the narrow streets of the French port.

Looking back on the raid in which I touched the bullet-swept French shore, in a landing-craft with the Royal Regiment of Toronto, I marvel at the manner in which the men of Dieppe stood up to the ordeals of the raid. This was their first show and they took it like veterans of the line.

I can't banish from my mind a vivid recollection at that twenty-minute nightmare with the Royals when death looked us right in the face and nodded.

We had crossed the Channel from England in the night and at dawn tried to land at Puits, just east of Dieppe. With Nazi guns banging away at everything in sight, we crept in on a beach covered by a smoke screen.

### AT CLOSE RANGE

As our craft touched down on the beach with a half-dozen others and ramps were lowered for the troops to rush the beach, German machine-gunners on a ridge not 100 yards away plastered a warning in keep our heads down. Lead slugs whipped into our craft.

The Nazis had waited for us to come in on the beach and now they thought they had us at their mercy, no massacre in their own time.

From fortified houses and pillboxes along the top of the cliffs came more machine-gun bursts. It looked like curtains for all twenty-five of us in our wave.

Instead of being paralyzed in this trap, the Royals began fighting mad, flitting and lying on the deck of the craft, sensing what over the sheets of armor plating on the sides offered. They returned the German fire with interest. Smoke grenades crossed between the shore posts and the deafened men.

### ALIVE BY MIRACLE

The German machine-gunners shot the men in our boat and only a miracle left us from annihilated.

Big events were happening all around us and over our heads. We had been given about like a toy in the Channel by the bombs of diving Stukas that exploded in the water beside us. Nazi planes had machine-gunned us. But this was the real thing.

Several men in our boat collapsed. One soldier got two bullets in the leg and one in the head. Another had his toes shot off on the foot. Field services bandages were wrapped over the wounds and even these battered men kept firing if they could even sit up.

Blood mingled with grease and dirt, trickled down the deck. Before the twenty-minute fight was over, wounded were lying all over the bottom of the craft.

### SUICIDE TO STAY

It was suicide to try to stay any longer, even though these Canadians had killed half a dozen Germans with fire from the boat. We eased off the beach and sent back to sea.

Later I heard some Royals had reformed and attacked that very beach again and again, finally driving the Germans from their strongholds in the Puits death trap.

But the story of the Canadian attack is not all one of such pain as mine. The Royals had stepped into the one of the toughest spots on the Dieppe coast.

Down on the Dieppe front where units of three Canadian battalions landed—the Royal Hamilton Light Infantry, Essex Scottish of Windsor, Ont., and the Calgary Tank Regiment—they smashed up the Germans right and left. Nazi bodies were strewn over the streets.

### GERMANS RUN AWAY

In the Casino at the west end of the promenade Hamilton Light Infantrymen cleaned out the Germans and sent them scurrying for funkholes in the centre of town. Those who weren't fired on ran anyway.

It was in Dieppe that Canadian tanks played havoc with German formations, pulverizing them with point-blank fire from heavy guns.

West of Dieppe at Pourville the South Saskatchewan Regiment staged one of the best attacks of the raid. They landed silently and were in position before the Nazis knew the score.

They carried out a number of tasks under the brilliant leadership of their young colonel from Vancouver and after an airtight rearguard action withdrew for re-embarkation.

One group of the Watermen was in such good form that even after a five-hour battle they smartly sloped arms and marched aboard the boat that picked them up.

### SO IT WAS

Boss: Boy on, you know the motto of this firm?

New Office Boy: Sure it's push.

Boss: Wherever did you get that idea?

Boy: I saw it on the door as I came in.

LAC. R. HITCHMAN, R.C.A.F., SON OF Mr and Mrs H. W. Hitchman 1241 Arden Street, who has arrived home on furlough after completing a six-months' course as radio mechanic at Queen's University, Kingston, Ontario. He expects to leave in a few days for Eastern Canada. He was formerly a carrier for The Colonist, serving the Uplands district for five years.

## BRAZIL LOSES ANOTHER SHIP

### Coastal Steamer Jacy Sunk in Atlantic—British Vessel Torpedoed

By The Associated Press

The sinking of two more merchant vessels by enemy undersea raiders operating off South America's coast was disclosed officially today (Thursday), boosting to 638 The Associated Press score of announced sinkings in the Western Atlantic since December 1.

The latest victims of Axis U-boats included storied Brazil's sixth vessel in recent days, the coastal steamer Jacy, and a medium-sized British merchantman.

Destruction of the Jacy took place Wednesday, official reports from Rio de Janeiro said, a few miles off the northeast coast of South America. All aboard were ordered off in lifeboats. A high official of the Government Navigation Line said that all the six recent sinkings were the result of brazen operation of Nazi subs who informed on planned troop movements.

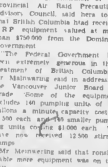
### ALL RESCUED

The British cargo carrier was blasted to the bottom several hundred miles off the South American coast, the navy announced, but all members of the aboard were rescued after drifting in lifeboats for seven days. Survivors said that the raider appeared submerged during and after the attack, and that sunborn was the worst hardship they encountered before being picked up by a Norwegian ship and brought to a Gulf Coast port.

The Brazilian government has been given complete protection in their treatment of British, Colombian, Mr. Mainwaring said in addressing the Vancouver Junior Board of Trade. Some of the equipment includes 140 pumping units of 100 gallons a minute capacity costing $1,300 each and 400 smaller pumping units costing $1,000 each. We have now received 12,500 stirrup pumps.

Mr. Mainwaring said that considerable more equipment was on the way.

## O.K. LET 'ER GO!



GREEDY war machines gobble oil. This Turner Valley driller must see they get it, must be on his toes night and day. "Working spit shifts is tough," he says, "but a quick snack of Kellogg's Corn Flakes with milk and sugar helps keep me going." Kellogg's will help you keep going, too. Get a package or two today of this "Self-Starter" Breakfast!

## B.C. NOW FACES BRIGHT FUTURE

### North on Brink of Development Undreamed of Before War, Says Premier

VANCOUVER, Aug. 20 (CP).—Northern British Columbia stands on the brink of development undreamed of before the war, Premier Hart said today in an interview following his return from Edmonton, where he took part in a conference discussing possible railway routes to Alaska.

Premier Hart is expected to return to Victoria on Saturday.

Mr. Hart said he and public works and engineering officials attended the Edmonton meeting "to explain advantages of the British Columbia route" to United States Army officers now making an investigation. He said he expected a decision regarding a railway to the north would be announced by the United States within a month.

Anglo-Canadian officers attending the conference included Lt.-Gen. Brehon Somervell, chief of services of supply of the United States Army. Representatives of the Canadian National Railways and the Alaska Government attended, the latter to advocate construction of a route that would link up with Northern Alberta rail facilities.

Mr. Hart declared it was generally conceded the "B" route from Prince George offered the best rail miles to Alaska.

Asked what role the Pacific Great Eastern Railway might be expected to play if Prince George becomes the southern base for construction of an Alaskan railway the Premier mentioned the advantages of the Ashcroft-Clinton tie-up which would bypass steep grades on the Squamish-Clinton section of the P.G.E.

He offered no comment upon the current inspection of the railroad by a Seattle Chamber of Commerce party. The 4,500-mile airstrip, from which thousands of bombers will fly Russia is being surveyed by American engineers.

## FISHERY PRODUCTION REVIEWED BY DEPUTY

D. B. Finn, deputy minister of fisheries, Ottawa, visited Victoria yesterday during a survey of the fishing industry on this Coast. He is also investigating the effect of the war upon fisheries production.

During the day he conferred with provincial officials, and visited George J. Alexander, assistant commissioner of British Columbia fisheries. Mr. Finn had planned to return to the Mainland last night

## A.R.P. MATERIAL COMES TO COAST

VANCOUVER, Aug. 20 (CP).—W. E. Mainwaring, chairman of the Vancouver Area Naval Precautions Advisory Council, said here today that British Columbia had received A.R.P. equipment valued at more than $750,000 from the Dominion Government.

The Federal Government has been generous generous in their treatment of British Columbia, Mr. Mainwaring said in addressing the Vancouver Junior Board of Trade. Some of the equipment includes 140 pumping units of 100 gallons a minute capacity costing $1,300 each and 400 smaller pumping units costing $1,000 each. We have now received 12,500 stirrup pumps.

Mr. Mainwaring said that considerable more equipment was on the way.

## CANADIANS IN ACTION

Throughout Canada yesterday people learned with a thrill of pride that Canadians, possibly a brigade strong, had been in action against the enemy, and that they had borne themselves with unsurpassed courage and daring. Held up by stiff opposition on the beaches at Dieppe, the Canadians reformed and took all of their objectives by assault, under the leadership of Major-General J. H. Roberts. Thus history is repeating itself, and the new Canadian Army is adding to the laurels of the old Canadian Corps.

In the combined assault by an United Nations Commando force, Canadians formed over-third of the attacking party, which was unofficially estimated at a division strong. Behind a spearhead of tanks, the Commandos, including British, United States and Free French units, fought their way to a landing, charged up the beaches, demolished a radio locator station, a siege gun battery, anti-aircraft guns, and an ammunition dump. In stiffened resistance, behind defenses said to be twenty-five miles in depth, casualties were suffered; and we must be prepared now for the accentuation of action, which is his cost. Brave men fell.

For the Canadians participating, and given a poet of honour in the van, the day is not a memorable one. Landed in France during the Battle of Paris, they were blocked by refugees streaming on the roads, and did not come to grips with the enemy. In an early Commando raid on Spitsbergen last September Canadian units participated in an attack which was wholly successful, though on a much smaller scale. Wednesday's raid was the heaviest yet made by the combined of Great Britain, and also the first United National attack on the ground in force.

One can well imagine the sense of relief of action to men who have waited for more than two years under arms at their camps in the British Isles. As early as two months ago the plan of attack was rehearsed in manoeuvres carried out secretly on the coast of England. Every man knew the part that he had to play. To the credit of the Canadians, although they faced some of the stiffest opposition of the entire engagement, they went through to their given goals. That was well done, and Canada rings today with acclaim for the men who bore themselves so staunchly under fire.

The results of the raid on Dieppe may be out of all proportion to the immediate objectives reached and demolished. Here was a landing in the face of the enemy involving thousands of men lighticred in by motor barges, with their tanks in front. Overhead, one of the largest concentrations of air power yet used in daylight attack covered the manoeuvre, and inflicted a toll on the enemy now known to have been in the air. Canadian Naval, air and field units all worked in cloer-knit unison with lessons in liming and co-operation that perhaps could be learned in no other way. German efforts to minimize destruction at Dieppe and, conversely, to call the attack a "reconnaissance in force" and to say that it was repulsed, tell their own story.

While we wait now for the official reports of the attack, and for a list of the Canadian casualties which must follow action on such a scale, it is with pride in the valor of our men that Major-General Roberts, and to all those under him, will go out the united and hearty thanks and congratulations of the Dominion of Canada. Once again the Canadians have met the enemy, and under fire they did not budge!

## AN APPEAL TO ALL

With one part of Mr. Mackenzie King's address to the nation on Wednesday evening people everywhere in this country will be in accord. That was the Prime Minister's appeal for the utmost effective service from all able-bodied men and women in the country, each in the position he best plies. Nor was his summation of the gravity of the undertaking at fault. He indeed spoke in the hour at which freedom everywhere is at stake.

Mr. King also had behind him all of the people of the country when he paid a tribute to the valor of the Canadian forces overseas, and expressed Canada's pride and gratitude to those who stood up so staunchly for this country under fire in the epic attack on Dieppe.

For the rest, the Prime Minister had but little new to say. He rehearsed steps taken to carry out the man-power policy as laid down by the regime of which he is the head. He announced that national selective service would continue, with a transfer of that authority under law from the National War Services eDpartment to Mr. Elliott M. Little, Director of National Selective Service.

In this, Mr. King showed clearly that he has had no change of heart, or of mind. Hearing his summing up of the position of the United Nations, and of the need for an all-out response on the part of free men and free women, many will have thought that there was a good reason for a somewhat larger and more compelling vision than the subsequent recital appeared anywhere to disclose. But with Mr. King's premise, that now is the time for the best that Canada can contribute to every effort and by every means now will disagree. Three years ago that was a truism, nor has it changed today. It is rather on her actions that Canada will be judged, and before all of the world.

## BEFORE RUBBER, WHAT?

Perhaps with that prophetic eye which in estimating the future is ever prone to look backwards and gather lessons from the past, The New York Times has been telling its readers what type people did without (and substituted for") rubber before that substance was discovered. The list is lenathy, but only partial, yet it is enough to indicate the dependence on rubber in these latter days, and perhaps, to some at least, it will make an appeal as among the things worth fighting for in this war. Be it remembered that the enemy has, and in large volume, what is reckoned by disappearing quantities on this continent and among the rest of the United Nations. Here are the answers The Times gives to 'Before Rubber, What?"

"Tires as soft as soft iron could make them absorbed the road jar. The brakeman a miner stopped the train, maybe. The knife blade did the scrating, the dooryard well the refrigerating. In the way paper preserves. Whalebone lent strength to foundation garments. Straps answered for galluses. What garters were made of was never publicly known. A sprinkling can watered the lawn and buckets manned by did the dish-washing—and the surgery. Children's Summer footwear was the nature kind, plus stone-bruises and stubbed toes. Sponge was actually a sponge (Euspongia officinalis). Bathing beauties protected their hair by never going near the water.

"In the rubberless age leather boots and woollen coats shed the rain, when it wasn't much of a rain. A pig's bladder served the football team, and a leather ball stuffed with feathers satisfied the golfer. Concerning the old-time hospital standard—and the earthenware jug of hot water that shared the bed with the patient, let there be silence. What the world lost instead of fountain pens, toy balloons, electric lights, telephones, radios, automobiles and airplanes is well known; but what the baby used for a nursing bottle ripple is apparently forgotten. One doctor thinks it may have been a roll of linen rag. Another doctor thinks, however, that there were any bottle babies in those days."

### "SEEING THE SHIP"

There is something to the spirit with which a man dons a deed that enlightens his whole character. In that category must fall the many aerial adventures of Mr. Churchill, who flies with unmistakable zest and relish. Plane crew after plane crew has told how the Prime Minister of Great Britain has insisted on a way forward into the control cabin and asked for a turn "at the wheel," on such occasions as his duties took him overseas.

The most recent air venture by Mr. Churchill was no exception. Having flown across the Atlantic to his conference and back previously, this time Mr. Churchill was carried a good part of the way around the world by air. As usual, he sought a "turn at the wheel," and also as usual he delighted successive plane crews with his evident relish of the air and of all that goes with it.

Rapidly becoming one of the most air-traveled civilians in the world, Mr. Churchill's moral leader has shown by his good-humored bonhomme that he is not only at home in the air, but vastly enjoys it. Asked recently if he "liked" aircraft "flies with an air," and that spirit is not the least revealing phase of his many-sided character. One can hope only that it will be many more years before he attempts to join the Caterpillar Club, being already a member of nearly every other one.

### THE RIGHT SPIRIT

On two occasions on Vancouver Island this week the Coast Rangers, volunteer defence guards, did excellent work in fighting forest fires. Their members volunteered for the work, stayed on the fire lines for long periods, up to seventy-two hours without sleep, and generally acted in strong support of the co-ordinated firefighting services of British Columbia.

It was the fine spirit shown in connection with the assistance, however, that lifted the action into prominence. Members of the corps said that they deemed fire fighting as useful as action in the face of the enemy, and so, indeed, it is. The same spirit has been shown in training for the Coast Rangers, with credit to their officers and to all who are serving in their ranks.

In the fight for freedom, there is a duty devolving on the general public as a whole. While care with fire in the woods is always a wise precaution, this year it is especially so camp fire should be lit carelessly or left unwatched. Matches and smokers' refuse should be stamped out before being jettisoned. The holiday-making public should use prepared rreres., fire-lighting facilities where they are available. Particular care should be taken with inflammable materials thrown from moving vehicles.

If that is done, the work of the fire fighters will be cut to an essential minimum, at which level it will be arduous enough. By standing to on several occasions and by showing such efficient work, the Coast Rangers have given a splendid lead to the general public. May it be followed as effectively and generously.

### THE CHILDREN'S HOUR

Between the dark and the daylight,
When the night is beginning to lower,
Comes a pause in the day's occupation
That is known as the Children's Hour.

I hear in the chamber above me
The patter of little feet,
The sound of a door that is opened
And voices soft and sweet.

From my study I see in the lamplight,
Descending the broad hall stair,
Grave Alice and laughing Allegra,
And Edith with golden hair.

A whisper and then a silence:
Yet I know by their merry eyes
They are plotting some mischief together
To take me by surprise.

A sudden rush from the stairway,
A sudden raid from the hall!
By three doors left unguarded
They enter the room of wall!

They climb up into my turret
O'er the arms and back of my chair,
If I try to escape they surround me.
They seem to be everywhere.

They almost devour me with kisses,
Their arms around me entwine,
Till I think of the Bishop of Bingen
In his Mouse-Tower with the Rhine.

Do you think, O blue-eyed banditti,
Because you have stolen the will,
With all the wealth of the world at your feet,
I am not a match for you all?

I have you fast in my fortress,
And will not let you depart
But put you down into the dungeon
In the round-tower of my heart.

And there will I keep you forever,
Yes, forever and a day,
Till the walls shall crumble to ruin
And moulder in dust away!

—Henry Wadsworth Longfellow.

Our neighbor is a man—wherever he may be found whatever may be the color of his skin, into whatever pit of misery or degradation he may have fallen. Neither prejudice, nor poverty, nor things present or to come, can ever break up that relation.—Burrett.

Let us be doing, but let us be united in our doing.—Oliver Cromwell (1647).

## Observation Car

By G. B.

From the Dockyard Civilian: "Do you belong to the Federal Union?" "No. This conversation was heard on a crowded corner downtown. Lady to friend: "Well awhile. I wanna find out. If a guy f know shtighs in." Friend: "How ya gonna find out?" Lady: "Wait for a Number Four car. Any of those sailors'll tell ya."

"Yes essentials of happiness are

Stages of the war which is gathering all nations together, and which will finally Unify Armageddon.

Why not go to the Bible for the answer? It is not logical to look for a revolution, in our modern Book, which decrees compulsory military training for every man of twenty years old and upwards, voluntary service in the first line, and equal rates of pay for the fighting forces and those who stay at home and are employed in the essential services, munition making etc. There is no allowance to all inequalities and injustices in the present wastefully competitive system. Everyone which requires a service man to offer his life for next to nothing a day compared with the stay-at-home, who draws down almost as much per hour, though you will find, I am positive, that, given the training, there will be just as many of well-wishers for front line service, and the whole natural outlook will change.

Mr. Meighen, please note.

E. W. ABRAHAM,

"Tirlea," 128 Pritchard Street, Victoria, B.C.

### "THE LOW BROW"

Sir.—On the editorial page of Wednesday's issue of the newspaper, there appeared comment on a very important subject, so important to the future welfare of the present civilisation resta opon its careful consideration.

Following up this most enlightening editorial, "The Low Brow" it should like to explain that there actually exists in the world, unknown to the masses, either to the biological or psychological sde, two creations of God. First, the Homilic, the low brow, second, the Homo Sapiens, the high brow and while these two creations exist, there flows through these two sides of the line of demarcation a current that belongs neither to the low, nor the high brow. They are the inventors, etc, or as you say, they are the "Men of Genius." It is they that are a creation of the mixing of the two sides of human life. It is this intermingling of the two that is going to put human societies off balance. The balance of power has been controlled human affairs since time immemorial. The glorious civilisations of Assyria, Babylon and Egypt were of Hamitic origin.

The trend of modern progress, regardless of the present upset conditions, is towards the rise to the credit and intelligence of the "low brow" in accordance with the editorial, fundamentally, of the Homilic and the Semitics are "not opposed or antagonistic" to the Hamitic, but the great aides of life will join together in the common endeavour.

The miraculous converging of forces to existing creations will be under the direction of the Semitic leader, who, just now re-emerging from the dark ages, with the appointed time in which this new world order commence Under the jurisdiction of the reign of Righteousness (rightness) a new order of things will be set up, and the aim aodS and inner at: the attributes will be those of God.

Thus, as the editorial states—"Beauty and truth are not two things, but mere fantasies, and fragments of the mind of a low brow."

Beauty and truth are not two things, but mere fantasies, and fragments of the mind of a low brow."

Beauty and truth are not two things, but mere fantasies, and fragments of the mind of a low brow.

# MARINE and TRANSPORTATION

## RAILWAY MEETS REQUIREMENTS

### Northern Pacific Executive Found British Columbia's Road Well Maintained

SQUAMISH, Aug. 20 (CP)—Robert McFarlane, assistant to the president of the Northern Pacific Railway, said here today on his return with a Seattle Chamber of Commerce party that he had found the railway well maintained.

"The railway is well maintained to meet its requirements," he said.

"I have greatly enjoyed the spectacular scenery which is to be found along the entire length of the Pacific Great Eastern Railway," he added.

The lure of fly fishing in the Cariboo took three of the Seattle party away from the special train which reached here this afternoon.

The three were Thomas Balmer, vice-president of the Great Northern Railway; Stanley E. Stretton, district sales manager of the Washington office of the Seattle Chamber of Commerce, and Mr. Underwood. Mr. Balmer and Mr. Stretton are fishing at Tibbles Lake, thirty miles west of Quesnel, and Mr. Underwood at Chilco Lake, 160 miles west of Williams Lake.

## R.C.A.F. Casualties

OTTAWA, Aug. 20 (CP).—The Royal Canadian Air Force in its fourth casualty list of the war, today reported four men killed on active service and eleven killed on active service in Canada. The overseas sections of the list also contained the names of one man who died from injuries suffered on active service and five who are prisoners of war. One man was reported to have died accidentally in Canada and one airwoman was listed as dead from natural causes in Canada, one man as seriously injured in a motor accident in Canada and one as seriously ill in Canada. Following is the latest list of casualties.

Overseas—Killed on active service: P.O. Alfred James Marsh, Dauphin, Man.; R106852 Sgt. John Massood Mayfair Avenue, Vancouver; Sgt. Thomas Bowman Phillips, Drumheller, Alta.; Sgt. George Ernest Simpson, Gainsborough, Sask. Died as a result of injuries sustained on active service: Sgt. James Warren Cullen, Truro, N.S. Prisoners of war: C1631 Flt. Lt. Patrick Wilson Langford, Capt. R. W. Langford (father), 623 Hampshire Road, Victoria; P.O. James Arthur Goring, Taunton, Somerset, Eng.; Sgt. Eric William Earl, London, Ont.; Sgt. Frank Neil Linklater, Toronto; Sgt. Donald Bernard West, Edmonton.

Canada—Killed on active service: P.O. Felix Paget Boswell, Merigomeny, Alta.; P.O. Anthony Joseph Labella, Tuxedo, Man.; Sgt. John Herbert Kirby Oshawa, Ont.; L.A.C. Phillips Holman, New York City; L.A.C. John Clement MacIntyre, East Point, P.E.I., A.C. Douglas Haig Rushton, Montreal South, Que. (All these men were killed in an August 13 crash near Armstrong, Ont.) Sgt. Birth Kenneth Veronica Leonard Bay of Plenty, N.Z.; L.A.C. Philip Reginald James Harcourt, Bray, Berkshire, Eng.; L.A.C. Harry Charles Fareham, Bishop Stortford, Hertfordshire, Eng. Accidental death: L.A.C. William Lindsay Bernard Walsh, Toronto. Died from natural causes: A.W.3 Grace Audrey Moulton, Rosthern, Man. Seriously injured in motor accident: L.A.C. John George Brownlee, Winnipeg. Seriously ill: A.C. J. G. Sinclair, Hamilton Lanarkshire, Scotland.

## Margaret D. Won Inter-City Boat Race at Nanaimo

NANAIMO, Aug. 20 (CP).—The Margaret D., owned and sailed by Captain Andrew Wright, of the Royal Victoria Yacht Club, came out on top in an inter-city yacht race between two sloops of the Victoria Club and one of the Nanaimo Yacht Club here Yesterday.

Wright led by 11 seconds at the end of the race over a four-mile triangular course laid out in Nanaimo Harbor. The yachts covered the course three times for a total of twelve miles.

Second was the sloop Lalonga also of the Royal Victoria Yacht Club, skippered by Richard V. James. Captain Norman Browne followed in the Nova Scotia-built sloop Ann by 42 seconds.

## Ships in Convoy Talk Through Lamps

Hand-picked and carefully trained, the signalmen form a vital unit aboard Canada's fighting ships. The signals are sent by Aldis lamp and an ordinary signalman receiving the message, as their destroyer commoses her unceasing vigil on the convoy routes. Radio signals are not used because they would attract attention from the enemy.

## High Octane Gas Will Be Produced In Alberta Plant

CALGARY, Aug. 20 (CP) — Construction of an aviation gasoline plant at a cost of $1,000,000 as an imperial Oil property in Alberta now is under way, it was announced officially yesterday.

The Allied War Supply Corporation, backed by the British, United States and Canadian Governments, is undertaking the project which may be completed this Winter.

The plant will produce alkylate from high fractional gases. This fluid when blended with ordinary gasoline yields a high octane product essential in the operation of powerful modern war planes.

While aviation gasoline has been manufactured in Alberta by the Imperial and British-American companies, it has been necessary to import the alkylate from the United States. The new plant will be entirely self-sufficient.

## Biscuits Instead Of Bullets Given Torpedoed Men

NEW YORK, Aug. 20 (CP).—The Australian radio said today a 10,000-ton Dutch steamship which one day earlier had sighted a blazing United States vessel was sunk by a Japanese submarine forty miles from Noumea, in New Caledonia. The broadcast was heard here by C.B.S.

An Australian submarine chaser picked up the Greek vessel's crew eight hours after they had taken to the boats.

A seaman said the crew feared they would be machine-gunned in the lifeboats. Instead, they saw a Japanese throw overboard three tins. The submarine signalled the men to pick up the tins and they were found to be full of biscuits.

## MAIL AND SHIPS

COASTING CRAFT

VICTORIA-VANCOUVER — S.s. Princess Charlotte or the Princess Alice will leave Victoria every day (except Wednesday) at 8.30 a.m., Princess Charlotte or S.s. SIDNEY-ARCADIA—Mr. Trafton will leave Sidney daily at 1.45 p.m. for Arcadia. Mr. Trafton will arrive at Sidney daily at 1.30 p.m. from Arcadia.

### NOTICE TO MARINERS

British Columbia—English Bay—Pittsburgh Buoyed and Channel Bound—Fishing restrictions. Vancouver area, English Bay—Commercial fishing east of a line extending from Point Atkinson to Point Roger Curtis and south of a line extending from Point Atkinson to Point Roger Curtis is to be engaged in only at the fishermen's own risk. The naval service will not be responsible for any loss of ships or gear due to the operations of M.M.C. ships. All fishermen should be prepared to obey promptly signals given by vessels engaged in naval operations.

Pitchuck Sound—Gillnet fishing is prohibited in the following area within one and a half miles of the western shore of Pitchuck Sound between Fog Rocks and Addenbrooke Island light and west of a line between Addenbrooke Island light and a point two miles east (true) of Cactus Point, thence to Egg Island light, thence to a position two miles west of Cape Cudmore.

Prince Rupert area — Chatham Sound—Commercial fishing east of a line extending from Hunt Point Pyrother Island to Gull Rocks Lucy Islands, Green Island, is to be engaged in only at the fishermen's own risk. The naval service will not be held responsible for any loss to ships or gear within this area due to the operations of R.M.C. ships. All fishermen should be prepared to obey promptly signals given by vessels engaged in naval operations.

Strait of Georgia—Burrard Inlet—Vancouver Harbor—Correct position of the centre of the entrance position of the two ten-pile dolphins placed temporarily on the north side of Vancouver Harbor is latitude N. 49 degrees, 18 minutes, 33 seconds, longitude W. 123 degrees, 8 minutes, 4 seconds. C. P. EDWARDS, Deputy Minister.

Contrary to the nursery rhyma's claim, London Bridge has never fallen down.

## Sockeye Salmon Running Well in Georgia Strait

Sockeye salmon are appearing in the Strait of Georgia in greater numbers just now, according to fishermen. An average of fifty fish to the boat are being caught in the vicinity of the Fraser River lightship. This means a fair return, as the canners are paying fourteen and one-half cents a pound for sockeye.

There will be no pink or humpback run every two years and this is the off season.

Reports from Rivers Inlet indicate that the gill-netters have enjoyed a good season. Quite a few of the fishermen have returned from that area and none so far have complained about poor fishing.

Missing this year on Rivers Inlet were the two eating houses—Dalrymple Bay and Dawson's Landing—where the boys were in the habit of gathering during the closed period to swap incidents of their week's work over the coffee cups.

Shortage of help and the threat of restrictions which culminated in the rationing of tea, coffee and sugar, caused the shutdown which was regretted by the fishermen.

## FOURTH FLYER KILLED

DUNNVILLE, Ont., Aug. 20 (CP).—A fourth flyer killed yesterday when two planes crashed was today identified as L.A.C. Archibald Campbell Bennett, Ont. Six men in all lost lives in the accident which occurred off nearby Frava Point.

Three of the airmen were identified yesterday as P.O. Maxwell Boyer Pole and L.A.C. Gordon Craig Burke, of Toronto, and L.A.C. Warren Milton Mackay, of Bulwer, Que. Names of the other two men, one of which is believed to be from New Zealand, are withheld until next of kin have been notified.

## LAUNCHING SHIP FOR ROYAL NAVY SATURDAY

VALLEJO, Calif., Aug. 20 (AP).—The United States Navy announced today that the first warship to be built in the United States for the British Navy would be launched at the Mare Island Navy Shipyard here Saturday.

She is H.M.S. Sentinel, an escort vessel, about the size of the United States destroyers used in the first Great War. She is the first of thirty being built at Mare Island.

## NAME CRASH VICTIMS

LETHBRIDGE, Alta., Aug. 20 (CP).—Names of the three airmen from No. 6 Bombing and Gunnery School here killed Wednesday in a Fairey battle bomber crash during training operations were released today.

The crash victims were Sgt. Pilot L. R. Low, Foxwarren, Man., whose wife resides in Lethbridge; L.A.C. G. O. Morin, whose mother lives at St. Boniface, Man.; L.A.C. R. B. Sandman, whose father resides at Jarvis, Alta.

## SEINER SNDWSLIDE ASHORE; CREW SAFE

VANCOUVER, Aug. 20 (CP).—S. M. Rosenberg, manager of Nootka Packing Company Limited, said here today that the sixty-eight-foot seine boat Snowslide, carrying a crew of seven, had gone on the rocks near Estevan, Vancouver Island.

Mr. Rosenberg said the crew was safe and had already reached Nootka. Two of the company's fishing vessels have been sent to Estevan to stand by the wreck and a report of the damage is expected upon their return to Vancouver.

## OBSERVERS GRADUATE

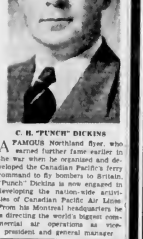
RIVERS, Man., Aug. 20 (CP).—Air observers graduating from No. 1 Central Navigation School here today included:

British Columbia—R. J. Bowman, G. G. Child, both of Vancouver; W. E. Clements, Prashland; R. R. Howay, C. S. MacKinnon, both of New Westminster; S. C. Smith, Prince George; J. C. Wells, Quesnel; C. S. Rhodes, Copper Mountain.

### SIMPLE YET EFFECTIVE

The simplicity of the Brem gun is shown by the fact that it is composed of only 163 parts. Its manufacture required 800 machine tools, 17,000 fixtures, tools and gauges and 2,850 operations.

## Vice-President of C.P. Air Lines



C. H. "PUNCH" DICKINS

A FAMOUS Northland flyer, who started further fame earlier in the war when he organized and developed the Canadian Ferry Command to fly bombers to Britain, Punch" Dickins is now engaged in developing the nation-wide services of Canadian Pacific Air Lines from his Montreal headquarters he is directing the world's biggest commercial air operations as vice-president and general manager.

# SOCIETY AND PERSONAL NOTES

**Bad Shower**

Honoring Miss Dorothy Lenora Crase, whose marriage to Mr. George W. Edgar takes place early next month, her sister, Mrs. H. Hodges, and Miss Molly Edgar, were hostesses last evening at a miscellaneous shower held at Miss Edgar's home, 2259 Belmont Avenue. Upon their arrival, corsage bouquets were presented to the guests of honor by a number of her friends yesterday afternoon at an outdoor party. The gifts were concealed in a large basket decorated in yellow and pink. The bride-to-be and her mother, Mrs. E. F. Wiltshire, were presented with corsage bouquets of pale pink and yellow gladioli and gypsophila. Refreshments were served by Miss L. Jones and Mrs. H. Clatworthy. The guests included Mesdames E. F. Wiltshire, F. Segnani, S. Butler, L. Jones, H. Clatworthy, M. Griffiths, E. Blue and Misses Pat Dirks, Lily Burrows, Renee Wilcox, Fiona Quilty, Ethel Baker, Mary Craig, Marie Rowlandson, Sheila Sneddon and Dorothy Burrows.

* * *

**Complimentary Party**

Miss Hope Hodges, assistant librarian at the Public Library Commission, Parliament Buildings, was the guest of honor at a no-host party given Wednesday evening in the girls of the Provincial Library Provincial Archives and the Public Library Commission. The party took place at the home of the Misses Doris and Marjorie Holmes, 863 Somenos Street. Miss Hodges who is leaving Saturday for Ottawa, where, on September 1 she will begin her duties with the extension board of the United Kingdom and Canada received the informal good wishes of those present before the guests dispersed after an evening passed pleasantly with games and refreshments.

* * *

**Nurse Retiring President**

Mrs. George H. Ross, who with her family, is leaving to join her husband in Vancouver, was the guest of honor when the Athena Club of Oak Bay United Church entertained at the tea hour at the Crystal Garden Wednesday afternoon. Constitution Square a park in the centre of the main plaza in Athens, has been converted into a cemetery.

## *Visiting Cricket Team To Be Much Feted Here*

Elaborate hospitality, including a dinner at which His Honor the Lieutenant-Governor will be a guest, is being arranged for the eighteen members of the Royal Air Force cricket team which is arriving here next Monday from North Battleford, Saskatchewan, for an all-day match against the R.C.A.F. cricketers stationed at Patricia Bay.

Victoria businessmen who are giving the visitors their full support in the local team. The day's programme will end with the dinner at Terry's at which His Honor the Lieutenant-Governor has consented to be present.

The visiting cricketers will leave for Vancouver by the midnight boat to play return matches there before returning to North Battleford.

Through Mrs. C. W. Baker Binclair Road, ladies of the hospitality committee who have so generously opened their homes to all R.A.F. visitors during the past year will gladly welcome contributions to meet Monday's hospitality requirements.

Officer Scott, Patricia Bay, and the following members of the Home Hospitality Committee: Mrs. Reeve Arnison, Mrs. C. W. Baker, Mrs. L. Bagley and Mrs. Victor Price.

**VISITORS WILL BE GUESTS**

The all-day match with the Patricia Bay team will start at 10 on Tuesday morning at Macdonald Park, continuing all day with intervals for lunch and tea. Members of the Victoria team will be guests of the Patricia Bay team at lunch.

Assisting in the arrangements for the visitors will be the girls of the local team. The day's programme will end with the dinner at Terry's at which His Honor the Lieutenant-Governor has consented to be present.

The visiting cricketers will leave for Vancouver by the midnight boat to play return matches there before returning to North Battleford.

Through Mrs. C. W. Baker Binclair Road, ladies of the hospitality committee who have so generously opened their homes to all R.A.F. visitors during the past year will gladly welcome contributions to meet Monday's hospitality requirements.

## *Weddings*

**GYLLENSPETZ—CHARLEBOIS**

The marriage between Josephine Marie eldest daughter of the late Mr. L. L. Charlebois and Mrs. Charlebois 1518 Cumsoun Street and Mr. Gunnar Gyllenspetz son of Mrs. J. O. Gyllenspetz, Brockholm, Sweden, and the late Mrs. Gyllenspetz, was solemnized in the Bishop's House, View Street, at 10.30 yesterday morning. Only relatives were present at the ceremony at which Rev. Father Gaudette officiated. The bride, given away by her mother, wore a smart navy blue suit with white accessories and a corsage bouquet of orchid-shaded gladioli and white heather.

Attending the bride was Mrs. M. R. Pomberg in a royal blue dress with white accessories and a corsage bouquet of sweet peas. Mr. Pomberg was best man. Following the ceremony close relatives returned to the home of the bride's mother for the wedding breakfast, which was served at a table covered with an embroidered linen lunch cloth centred with the cake and decorated with vases of floral flowers at each corner. On the cake, crowned from a honeymoon on the Mainland. Mr. and Mrs. Gyllenspetz will make their home in Keating.

**SHANAHAN—SPRAGUE**

Of interest to many former Winnipeggers now living here is the marriage that took place last week in the chapel of St. Ignatius Church, Winnipeg, of Elaine Boyce, only daughter of Mrs. D. Boyce Sprague of this city, and Flight Officer Kenneth J. Shanahan R.C.A.F. eldest son of Mr. and Mrs. J. J. Shanahan of Rev. Father P. McClellan being the officiant. Major David Livingstone of Brandon, a cousin of the bride gave her in marriage and the reception that followed the wedding took place at the home of the bride's mother, Arwen Apartments. Pilot Officer and Mrs. Shanahan left immediately for Jasper and Victoria spending a short time here early this week to visit the bride's grandmother, Mrs. Kate Simpson Hayes, and a great-aunt, Mrs. Winifred Hayes, who have been living in this city for several years. Mrs. Shanahan is a great-granddaughter of the late Hon. John Simpson of Bowmanville, Ont. and the late Charles Bowman Simpson was her grandfather. They have been returned to Vancouver, en route for Jasper and their new home at Vulcan, Alta. where the bridegroom is posted.

**WHAT'S IN A NAME**

It was the first day of a new term and the teacher asked a small girl in her class—a new pupil—what her father's name was.

"Daddy," replied the child.

"Yes I know," said the teacher. But what does your mother call him."

She doesn't call him anything—was the quick reply. She likes him."

## *Plans Made for T.W.A. Tag Day*

Arrangements have now been completed, with the exception of obtaining a few more taggers for the Tuberculosis Veterans tag day to be held on Saturday, under the convenorship of the Ladies' Auxiliary with headquarters in the Royal Regiment Hall 1216 Broad Street. The general public is familiar with the work of this association in caring for the chest-disabled veterans from all branches of the service and with its keen interest in lessening the prevalence of tuberculosis by means of educational propaganda. The committee emphasizes that service rendered by the T.W.A. is not confined to veterans of the last war, but also includes those returning from the present conflict suffering from any form of chest condition.

MISS ELLA PUTNAM

# Soviet State Wages War Against Child Disease

Russia today is fighting two wars, the greatest military war in the history, and a second war against disease, particularly infant mortality and children's diseases. And while the tide of battle moves back and forth in the first, progress is constant in the second.

The following article, written by Miss Ivy Litvinoff, Britain wife of the Soviet ambassador to the United States, for the Woman's Home Companion, tells of the fight Russia is waging to educate mothers and to care for infants and children while their mothers are engaged in the war industries of Russia.

When I was living in the Urals our milkwoman had, if I may put it, the finest baby I had ever born to her. After ten days we asked her if her daughter could come back from the hospital. She was highly indignant about it. "They don't send my baby home! I need her at help me here."

"But there wasn't, in a day or two the hospital's only automobile was repaired and disinfected and the whole staff of child specialists safely home.

**COMPLETE ISOLATION**

Possibly one of the most intelligent complications to which Soviet mothers are subjected is the complete isolation of the mother and child during the days, in fact a fortnight spent in the maternity hospital. No one from the outside world, not even the father himself, ever gets beyond the outer waiting-room of such a hospital (so at least no baby gets any infection from outside in the first two weeks of its life. But the doctor in charge is glad to meet members of the family and give detailed information as to mother and child. And not a mother gets away from the hospital without having had one or two talks from doctors doctor as to the care of her baby. And there are no private maternity hospitals, so every mother gets those talks and the maternity hospital can refuse to take in a woman asserting labor so long as there's a bed unoccupied.

The state has done its utmost to help mothers through its infant welfare consultations and maternity clinics, most of all through its recognition that the mother in industry must be given time off with pay before and after childbirth, and when back at work, time off to feed the baby, as well as the security of knowing that her baby will be looked after in decent conditions while she is at her bench.

**MOTHERS BIG JOB**

But still the mothers have had the heavy end to hold. For the country is too large, railways too inadequate, housing practically destroyed for the state to help the majority of mothers adequately.

There are a few things the law can and does enforce, among them population, the registration of birth and the isolation of infectious diseases.

The state has its voice in the very midst, through the all-Soviet-universal radio set, by means of which it can send during the demand for screens and cheesecloth to keep out flies. The state has he neighborhood welfare centres over a wide network of towns and villages. But it will be a long time before there is room for every baby in a nursery school, and before every nursery school is maintained at such a high standard as to overcome a mother's prejudice in favor of keeping her baby under her own eye. And even then the nursery schools only keep the children for what is, roughly speaking, a working day. During the evening and the night at home the mother must do her best.

**POOR HOME CONDITIONS**

And in the ordinary home conditions of most of our mothers, our task is a tough one. It is hard to keep a baby clean—clean even in the Norman's sense of the word—in an overcrowded igloo. Yet the babies survive surprisingly and grow up strong and lusty.

The state tries to inculcate the laws of hygiene. One of the first things I remember seeing hung up all over the place when I went, some twenty odd years ago, to the Soviet Union was a long poster showing rows of little children, bearing a banner inscribed, "Don't kiss me on the mouth." Too many Soviet mothers still kiss their babies, and very often their playmates, on the mouth. The danger of dirty "comforters" has been dinned into the mothers' ears, and midwives and nurses may still be seen to pick up a fallen dummy, give it a swish against their skirts, pop it into their own mouths and then back into the baby's. Babies are still rocked violently by the hour, fed whenever they cry, carried out to get the air smothered in all but sat-tight wrappings, "waked," when they should be just beginning to rest.

**BATTLE OF HYGIENE**

But every time a mother leaves the birth clinic she goes back to everyday life prepared to fight the battle of hygiene for her baby as it has been taught her at the clinic. Arraigned against her may be her own mother, her nurserymaid and likewise old women who know all about it, because they have "buried seven." But she finds continual support in the colored wall-smackers in the clinic, in the street car and in the public libraries, showing the mother what to do and what not to do for her baby.

A long time ago an English friend visiting the soviet Union asked me why if I considered Russians made good mothers. Well, if they hadn't been a there would be a whole lot fewer soldiers in the Red Army today.

## RUSSIANS REPULSE ENEMY ASSAULTS

**Continued from Page 1**

of the capital, and the Lake Ilmen front south of Leningrad.

These actions are on a line of over 600 miles. They were hit, apparently in a series of sharp, individual assaults while the Germans concentrated their main force in the South.

On the German right flank below Rzhev, northwest of Kalinkovati, a furious battle was in progress for a railway station which changed hands several times. The battlegrounds where fields were covered with ashes and littered with corpses and equipment.

**RED COAST CITIES**

MOSCOW, Aug. 20 (Reuter).—The Russian air raid two nights ago on the German Baltic Coast cities of Koenigsberg, Dirschau and Tilsit was described today by the Russian Army newspaper, Red Star as one of the greatest mass operations of the Red Air Force.

The three cities were under continuous bombing by several squadrons for several hours, Red Star said. Tass, Soviet news agency, said that the large military force bombed military and industrial objectives in all three cities without loss.

**BERLIN DISPATCH**

BERLIN.—From German Broadcasting Station, Aug. 20 (C.P.).—The German High Command claimed today that the Russian defence system between the Volga and the Don south of Stalingrad had been taken by storm in a night battle and that German attacks in the Caucasus "are getting ground."

The German communique asserted that the battle of the Volga-Don fortifications cost the Soviets 7,301 prisoners, fifty-two tanks, fifty-six guns, ninety machine guns and mortars and sixty-six flame-throwers Tuesday and Wednesday.

Since August 11 the German forces have taken 14,000 prisoners and destroyed or captured 400 tanks and 300 guns in an attack around Orel, the high command added.

It said that German planes destroyed three transports on the Black Sea and raided railways behind the Soviet lines.

Total German plane losses of yesterday were put at 104.

## Librarians To Convene In Seattle

A representative group of British Columbia librarians, including several from Victoria, will leave next week to attend the three-days' meeting of the Pacific Northwest Library Association to be held in Seattle on August 26, 27 and 28. A few additional British Columbia guests have been specially invited to contribute to the programme by giving addresses.

The Victoria contingent, which will leave here Tuesday, includes the following: From the Provincial Library, E. K. Morrison, chief librarian; Miss Marjorie Holmes, assistant librarian; Miss Margaret McManee. From the Provincial Archives, Miss Madge Wolfenden, acting archivist. From the Library Commission: Miss Dorothy Crighton. From the City Library: Miss Margaret Clay, chief librarian, and Miss Hazel King.

The Vancouver group will include Julia E. Stockett, reference librarian of the Vancouver Public Library, who is the president of the association this year; also Dr. David Lamb of the University of British Columbia, and Leslie M. O. Hotson, Vancouver Public Library, and three non-librarians, Mrs. Laura Jamieson, M.P.P., Harold P. Mortier, chief, and Max Maynard, of the Vancouver Art Gallery.

Miss Margaret Clay will be chairman of the fifth general session on Friday, when there will be a panel discussion on the place of women in library work. Dr. Lamb will preside at the cataloge-college-reference combined section meeting to be held the same day.

Miss Clay will lead the discussion at the Thursday evening session, when C. K. Morrison, of Victoria, who is vice-president of the association, will be in the chair. The subject of the discussion will be "What the library can do for labor, and what labor can do for the library."

Max Maynard's illustrated address will be on "Modern Art: What Does It Mean?" Mrs. Laura Jamieson will take part in the panel discussion on "Women in Library Work."

A distinguished speaker, Anna Carrol Moore, former superintendent of work for children at the New York Public Library, and who is internationally famous in connection with children's work, will be at the meeting and will give an address on Thursday morning at the children-school combined section on "Planning for the Future."

The meeting will be held at the University of Washington campus.

## ENGAGEMENTS

**WILLIAMS—BLACKWOOD**

The engagement is announced of Joan Bilton, daughter of Mr. and Mrs. William Blackwood, Glace Bay, N.S., to Flight Lieut. Edwin M. Williams, younger son of Mr. and Mrs. E. A. M. Williams, 211 Foul Bay Road. Victoria. The wedding will take place September 3 in the East.

**DYE—SALES**

Mr. and Mrs. Philip Sales, of Loon Lake, B.C., announce the engagement of their eldest daughter Mary Rose to Mr. Philip Roger Dye son of Mr. and Mrs. Harold P. Dye of Royal Oak, Vancouver Island, the wedding to take place in September.

**PITT—COX**

Mr. and Mrs. F. R. Cox, 1012 Oliphant Street, announce the engagement of their elder daughter, Phyllis Mary, to Sergeant-Major Cyril Harold Pitt, R.C.O.C., younger son of Mr. and Mrs. Pitt, 6271 Cambie Grenville Avenue, Eholmall. The wedding will take place quietly at Christ Church Cathedral this month.

Photo by Cantrell.

MRS. WILLIAM RANKIN

The former Miss Beatrice Hastings, whose marriage took place at the Metropolitan United Church last Saturday. She is the daughter of Mr. and Mrs. C. Hastings, 3621 Cedar Hill Road and is the grandchild of the high school at Dewdney, B.C., where she is remembered by many as a girl during the beginning of September.

## MOPPING UP IN SOLOMON ISLANDS

**Continued from Page 1**

many places the steeply-pitched roofs of the shore line. In the jungles it would be possible for them to wage a sniping sort of nuisance warfare.

Use of the phrase "mopping up" showed the Americans in clear command of the situation ashore. The wording of the communique was taken to indicate that Japanese reinforcements from the air and from the sea was proving highly ineffectual, and the bombing of a Japanese warship showed an alertness against any Japanese effort to challenge the marines by sea action.

Reports from Dieppe quoted the regional prefect as saying the Germans commandeered and completely ruined him on the estitude of the population during the fight.

There is, of course the possibility that the populace was scrupulously heeding the warning of the B.B.C. to keep out of the fight to avoid reprisals such as were taken when Frenchmen helped commandos during a raid on St. Nazaire.

Other French reports said forty-eight civilians were killed, 191 were wounded, and forty-six buildings were destroyed by the American air raid last Monday at Rouen. French reports suggested that this raid was intended to prevent the arrival of German reinforcements for the Dieppe raid resisters.

**FRENCH STORY**

The following French story of the raid was told with great excitement on the Dieppe end of the telephone line. Landing boats came in a huge wave along some twelve and one-half miles of coast.

Besieging parties of Canadians, British Commandos, American Rangers and De Gaulle French fought through barbed wire entanglements and laid mines under the roads over the Germans back into the lower part of Dieppe.

An entry into the city was forced, raiders occupying part of the lower quarter.

Tanks landed from the raid flotilla were hurled into anti-tank barriers which the raiders had no time to destroy, so the lumbering vehicles proved useless against the German ranks.

The French population remained calm and orderly.

French women nurses took care of their dead and wounded.

French fire engines fought flames which burst out in one building after another from the shelling.

The Allied soldiers withdrew about 2.30 p.m., the last batch giving a great shout as the soldiers piled into motor lorries.

Dieppe citizens estimated the invading force was about 18,000 men.

## VICHY HEARS RAID STORY

**Continued from Page 1**

mitted the Allies held on for seven hours, the Allied report said. Fifty tank barriers were destroyed, a bridgehead with between 10,000 and 15,000 troops. They said the Allies were able to re-embark all their 19 per cent after the heavy fighting.

**GERMAN ACCOUNTS**

From German accounts, it appeared the cross bearing tanks worked successfully. They said the drivers were able to start up tank motors before they touched land and the tanks rolled off the barges in perfect order.

The French asserted that no French sharpshooters took part in the battle.

Safeway Homemakers' Guide

★ Interesting facts about the world's most versatile food ★ 6 lists of real Saving

Take part of Your CHANGE in WAR SAVINGS STAMPS

Safeway prices are as low early in the week as they are on week-ends

Just look at these!

Things you may not know and should . . . about tomatoes

Tomatoes are without question the most versatile of all foods. They have a place at every meal—and they are equally good cooked or uncooked.

Tomatoes are wonderful for adding sparkle to other foods. You'll find that round steak, pork or veal chops and steaks, shoulder lamb chops, and similar cuts of meat are more tender and flavorful when braised in tomato juice or tomato soup instead of water.

This is the season when tomatoes are ripe and juicy and it's a good time to put up tomato juice. The juice is almost as versatile as luscious tomatoes.

Tomato connoisseurs say the best way to enjoy them is to first wash them, then chill, peel, slice, and salt them. But there are many other ways, too.

**TOMATO JUICE**

10 lbs. tomatoes 2 tbsp. salt

Wash and core but do not peel tomatoes. Cut in eighths. Put in large kettle, add 2 cups water, cover, boil 10 minutes. Put through sieve to remove seeds. Add salt and heat to boiling. Pour into hot sterilized jars or bottles, seal, and pasteurize (directions follow). Makes about 7 pts. pure.

*Serving and Pasteurization*

Do not use lids with rust tops. Wash jars thoroughly, sterilize by placing or boiling water for 10 minutes. Heat juice to 175° F. to 180° F. Pour into hot jars, filling part to 1½ inches from the top to allow room for expansion. Seal at once. Pasteurize in tops of lid. Place lost jars in water which has been heated to 180° F. to 185° F. Stand jars upright on rack; have completely covered with water. Heat water to 175° F. to 180° F. and hold temperature 30 minutes. Do not heat higher than 185° F. Remove immediately from hot water. Tip each jar tightness. Let cool undisturbed in place free from draft. When cold, wipe off and store.

Fur-Trimmed and Tailored Coats — Special Values!

A. K. LOVE, LTD. 708 VIEW STREET

Fy From Douglas

## TO YOUR RIGHT

A man had been endeavoring to write a telegram with a pen provided behind the German claim that a by the pacifiers and after ten or three ineffectual starts, he turned to the woman behind the counter and said:

"Is this by any chance the pen used by King John at the signing of the Magna Charta?"

The official replied "Inquiries on the right, please!"

HELP CANADA KEEP FIT

"OH MUMMY, THAT'S THE DISH FOR ME!"

Like little girls and sonny smiles, fresh peaches and Nabisco Shredded Wheat just naturally go together! It's a delicious morning treat—and nourishing some besides. For Nabisco Shredded Wheat is made from 100% whole wheat, including the bran, minerals, and a hint of sugar as helpful to girls and boys.

## Girls Are Metal Workers

Ankle-deep in scrap metal and enjoying the work immensely, these two Victoria girls, Veronica Muery, left, and Dorothy Harrison are making a real contribution to their country's war effort. Employed at the Capital Iron & Metal Works, Ltd., Store Street, they are shown here sharing brine condenser tubes and packing the scrap metal in big boxes. It will be shipped back to the smelter to be melted down and later used in vital war industry.

## CJVI SALUTES PORT ANGELES

This is the story about the children of Russia, but it is essentially the story of Orysha Golabol. I first met Orysha at a Rally running between Moscow and Kazan. A class of young boys and girls boarded the train with their teacher. Since Germany had made war on Russia.

So run the opening words of the commentary by Lowell Thomas on the 'Treasury Star Parade' programme which is now heard over CJVI each Friday evening at 8 o'clock.

This new programme is presented over the Victoria station by the United States Treasury so that listeners in Port Angeles and other points on the Olympic Peninsula may enjoy every minute of it.

The first of the series of programmes entitled 'Education for Victory' will be heard tonight. It was written by Violet Atkins and some of the dramas are based on actual records of the American Red Cross Institute.

Canada's war savings campaign will be tied in with the broadcasting of 'Treasury Star Parade' every CJVI. Other programmes in the series include broadcasts by Harry James and his orchestra, Xavier Cugat and other big entertainers in the radio world. Local broadcasting of the Star Parade not only provides a good-neighbor salute to listeners in the United States but also a top-flight radio show for Victoria.

### BUTTER PRODUCTION

HALIFAX Aug. 20 (CP)—Butter production in Nova Scotia is on the decline agriculture authorities said today, announcing that only 888,650 pounds of butter were produced during the month of July, a decrease of over 3 per cent as compared with last year's production for the same period.

### ENOUGH TEACHERS

QUEBEC Aug. 20 (CP)—Hon. Hector Perrier, Provincial Secretary, said today that he did not see before there will be any shortage of teachers in schools of the province this year.

## What Today Means

"I.L.O."

If August 21 is your mother's day the best house for you to be out this day is from 10 a.m. until noon from 2 to 4 p.m. and from 8 to 10 p.m. The danger periods are from 8 to 10 a.m., from 4 to 8 p.m. and from 10 p.m. until midnight.

Keep your ears open for opportunity's knock on August 21 and be prepared to answer it promptly, for it will break no delay. Pregnant disregard for the rights of others seem destined to involve many people in trouble on this date, so you, for one, cannot afford to ignore them. Be on the alert against permitting prejudice to sway your better judgment, or cause you to give in to a feeling of dislike without rhyme reason or reason. It will be advisable to watch your diction on this day, for it may have a decided bearing on the outcome of some spoken request. Married and engaged couples, and those who have succumbed to the influence of your love will find that their dispositions will be responsible for their happiness on August 21.

If you are a woman and August 21 is your birthday you should have the fortunate faculty of being able to think fast. Your spiritual upfolding may surprise both yourself and your friends for you seem to be due to take a keen interest in religious affairs. Being inclined to be very sensitive you may keep yourself emotionally in a tense nervous state so learn to relax and do not take what people say too seriously. As a teacher, singer, musician business or office manager, dietician, florist, modiste, salesagent or in many secretarial capacity you may find your opportunity to wig your way up to a profitable name and income. Marriage should bring the realization of some of your most cherished hopes and dreams.

The child born on August 21 should, at an early age be encouraged to take an interest in music stimulating to the imagination, the miracles of nature, and he should be interested in a household gym. Hiking and camping may have many benefits in store for your youngster. Versatility and ability should help Leo children to attain the goals that they set for themselves.

If you are a man and August 21 is your natal day your work is apt to reflect an exceptionally fine intellect and individuality. Success should crown your efforts particularly if you are a sales representative, business executive, theatrical manager, journalist, clergyman, botanist, naturalist, chemist, inventor, manufacturer, agriculturist, educator, author or in governmental service.

The Rev. Frederick Orr

### AWAY ON HARVEST

WINNIPEG Aug. 20 (CP)—A group of high school boys, soldiers on leave and Indians from Northern Manitoba reservations left here today to work in the Manitoba harvest fields. Hon. D. L. Campbell, Provincial Minister of Agriculture, said all told around 600 Indians will go to the fields.

### SAVED FROM SEA

TORONTO, Aug. 20 (CP). — Four Toronto men survived the torpedoing and shelling of a Panamanian cargo freighter early in June it was revealed here today by Able Seaman George Armstrong, who arrived home that week. The other three were Bill Stock, Jim McKenzie and Percy Murphy. German U-boats are reporting in pairs in the South Atlantic and Gulf of Mexico, said Armstrong. The cargo freighter was attacked by one submarine while another stood by and watched.

## Glancing Over Sport

By JOE DELAHUNTY

**THE SOCCER OUTLOOK**

Within the next month football officials will be going into a huddle [illegible] pects are for the coming campaign. Just whether or not Victoria United will be performing in the Pacific Coast League, if that circuit is in operation at all, is a big question mark. There is some talk about the *Royal Air Force* team from Patricia Bay serving a franchise in the inter-city league. And if granted one the *Flyers* should be a big attraction in the fans both here and in Vancouver.

The R.A.F. have some clever material in camp. They have Len Boulter, the Welsh international inside left, who is secretary of the airmen, Sam Bertram, Charlton Athletics and English international goal tender Arsy Hughes. Dunfermline left half, and Don Woodbridge, Southend United net custodian; along with many more boys who have had first-class experience in the Old Country before donning the uniform. The Pat Bay lads are anxious to get going, and yesterday held their initial scrimmage at Beacon Hill Park.

Prospects of a Victoria and District League operating appear dull for most of the lads are working in the shipyards or are in some branch of the services. Last season this loop played Sunday matches, and this will be done again if the officials by the post office. After two or three be decided at the annual meeting. We hope the league sees fit to continue, even if it has only three or four well-balanced clubs battling it out.

**ODDS AND ENDS**

Victoria Machinery Depot ball squad can thank their lucky stars that Catcher Naylor stopped as he rounded second base the other evening at top speed. That unfortunate incident was just the difference between defeat and a tie game for the shipyarders. The backstopper did scramble to third but he would have made the circuit if he hadn't stopped at the middle cushion. Some of the fans had left the park figuring that the shipbuilders were "in," but when they heard the noise from inside they rushed back to see what was going on. . . . Rookie Gervais, who pitched such a brilliant game against the Navy the previous time out, was as wild as a hare. The Oaxmen would have been better off if they waited around for five more, but instead they were in scurrying at the wide ones trying to get base hits. . . . However, it was another swell ball game, and it proved one thing the V.M.D. will have their hands full before this series is over. . . . Larry MacPhail, baron of the Dodgers, "I've spent nearly $6,000 in bats for you fellows. If you can't use them any better than you have recently give them to me and I will convert them into fence posts for my farm." It is a funny thing but Biddie Reinert, played in the National League for six years and in that span he only hit seven homers, and since joining the Yankees this season he has already smacked half a dozen. . . .

Nat's outfielders only lost four games all season, two to the Arks-Arks and a like number to the Barons, and then their latest schedule was concluded when league officials threw out the protest they launched over the Barons' last decision. . . . Claude Bretgard, boss of the Boston Braves, has picked up one of the most unusual infielders in history. He has a young prospect who can throw in first either right or left handed.

**FROM HERE AND THERE**

That R.A.F. retreat team from North Battleford, Saskatchewan, will arrive in Vancouver today and will play a series of matches over the week-end. Neal Tunaley the Flyers will invade the city to meet the Pat Bay eleven from the Royal Air Force in an all-day match at Macdonald Park. It will be Old Country teams playing against each other and therefore the public will be treated to some first-class batting, bowling and fielding. We sincerely hope that Victorians turn out in large numbers to support the boys who travel all the way from the Prairies. . . . Vancouver's fight promoter, Jack Price, tells me that it cost well over $5,000 to put on the Baldie-Lindsay fistic card. The gate receipts would have reached about $8,000 if Omer Jeje had laid off the bombing of the Aleutian Islands that very same day. The public became leery on hearing the war news and the radio announcers kept reminding them that there would be a blackout any minute. "You could have hit me over the head with a hammer when I heard the news and I wouldn't have even felt it. Everything was going along nicely, the boys had just finished weighing in when the phone rang at the Terminal Club. It was Sports Editor Big Kenny speaking. Bester call the fight off Jack Jeje are bombing the Aleutians and a blackout is expected any second." Hundreds stayed away from the park because they figured they wouldn't be able to find their way home in the dark. That was really a tough break," stated Jack yesterday. . . . Seattle Rainiers have won seventy-six games this season at this writing and the Barrett-Turpin pitching combination have gathered no less than forty-one of those decisions.

**HENRY WOODS BEATEN**

OAKLAND, Cal., Aug. 20.—(C.P.)—Scoring repeatedly with sharp lefts to the body, Juan Zurita, 127, of Mexico, outpointed Henry Woods, 138, Oakland negro, in a ten-round fight before a crowd of 4,000 ball nights.

# Oaks Eliminated From Boxla Play

**Isso Down to 14-10 Defeat in Third Game of City Championship Finals—United Services Will Now Meet Bays-Douglas Tire in Finals—Owl Drug Triumphs**

**Last Night's Scores**

**United Services 14, Oaklands 10. Owl Drug 13, Young Joskers 11.**

**Tomorrow's Games**

**7.00—Young Jokers vs. Owl Drug (second game at city juvenile "A" finals).**

**8.30 — Bays-Douglas Tire vs. United services (first game of city senior finals).**

United Services gutted stark artists marched into the city finals last night at the Sports Centre when they turned down Oaklands, 14-10, in the third fixture of the best-of-five semi-final series to take the verdict in straight games.

Alley Isaac, a 27-8 underdog last Tuesday evening, Oaks, 1941 provincial champions, made a mush attempt showing in their 1942 finale and in the two final innings more than held their own with the Servicers.

Manager Norm Barton is only got away to a good lead just as they did in their last contest, the only difference being that the Oaks made a much better comeback last night. In a dull first inn but half in spots the play was slow and far from interesting United Services piled up a 9-1 lead, and that lead finally carried them through to victory.

Oaks, slow to get started failed to score a single goal in the second period, but when they finally got into their stride goes came thick and fast and the spectators pushloved it. Widest season of the circuit, the hard stanza saw the offiscore only three each.

Actually the scoring in the game came to 6-3 at the half-way goalie coming up with one acceries against Oaklands failed to fire the second period, and the Services were unable to beat Archie Isaac in the Oaklands.

**TAKES BIG LEAD**

Sailors and soldiers established a 5-1 lead in the first period, and ran the score to 9-3 at the half-way interval. But it was a vastly different story when the red-sweatered Oaks started to find form early in the third period. They outscored the Services, seven goals to five, and by the last session bagged the only two tallies registered.

Scrappy Fred Ransom and Worsnop each received five-minute penalties for a little fisticuffing in the third stanza, and near the end a Frank developed, but players and officials prevented any fighting.

Leslie Scott, United Services goalie, came up with his best exhibition of the season, and turned aside thirty-four shots, more than Bill Andrews, guarding the net for the Oaks.

Scoring honors were fairly evenly divided among the players of the two clubs, with a number of them registering a pair of tallies.

Services Art Dixon left the game in the second period after being hit by the back swing of the stick.

After disposing of the Oaks in straight games, United Services will now battle the Bays-Douglas Tire strainers in the best-of-seven series for the city championship and the right to enter the provincial playdowns. First game is slated for tomorrow evening at 8.30 o'clock.

Manager Bobby Barra Owl Drug six-hit pitching performance with the Young Jokers, 12-10, in the first game of the city finals in the juvenile "A" division. Second game will be played tomorrow evening at 7 o'clock and another win for the druggists will give them the title and the right to play for the British Columbia title.

Reg Clarkson, Owl Drug goalie, was the individual star of the game Playing with the coolness and precision of a veteran, Clarkson turned aside many shots thrusted for the goal. Score by periods:

| | | | |
|---|---|---|---|
| Owl Drug | 3 | 2 | 3—13 |
| Young Jokers | 1 | 2 | 3—11 |

Officials: Brown and Turner.

## $2,500 GOLF WILL START

**Big Field to Tee Off Today in Lions Gate Open at Shaughnessy**

VANCOUVER, Aug. 20.—(CP)—Bright and early tomorrow morning three golfers will mount the first tee at Shaughnessy Heights Golf Club and drive off to open the $2,500 Lions Gate open tournament.

About 180 score cards are expected to be turned in by the time the first eighteen holes of play are completed. Another eighteen holes will be played tomorrow with the low survivors and ties fighting it out over thirty-six holes Sunday for prize money and the Norgan Gold Cup for amateurs.

Outstanding match of the first day brings together Stan Leonard of Vancouver and John Morrison of Montague Hollywood's perfect golfer and Lion Meagram Los Angeles pro, favored to take the low prize of $500.

Amateur and professional stars of the Pacific Coast, and some not on the circuit promise to make up a great field for the tourney, gallery regulars of which go to the Royal Canadian Air Force Benevolent Fund.

Biggest British Columbia contingent from outside Vancouver is from Nanaimo which is sending along a half-dozen contestants.

Craig Wood, Marmoreneck New York, is shown as he was presented with the coveted Seagram trophy by Fraser Seagram, after emerging the Canadian open championship with a seventy-two-hole score of 275. Wood finished four strokes ahead of Mike Turnesa, with Clay Heafner finishing third with a score of 281.

# Red Sox Defeat The Yanks Again

**Boston Comes Through With Third Victory Over World Champions—Tabor Hits Another Home Run—Brooklyn Dodgers Nose Out Giants, 2-1—Athletics Hit the Ball Hard**

By The Canadian Press

A five-run uprising in the twelfth inning gave Philadelphia an 11-6 win over Washington in the nightcap for a sweep of a double-header yesterday. The Athletics won the opener, 5-2. The Athletics tied off for thirty-five base hits in the five-hour tea-o-game programme of the American League relief stopper.

The A's landed on three Washington hurlers for seventeen hits in the opener, with Dick Siebert, Ray McNair and Coach Davis leading the attack with three hits apiece.

Five hits, a sacrifice a walk, a wild pitch and two Washington errors rattled Earl Au Ers runs in the twelfth inning of the finale.

Jim Tabor's third home run in two days carried Boston Red Sox to a 7-4 victory over New York Yankees and enabled them to take two of three series. three games to one.

The third baseman's blow came with two mates on base in the fifth frame, climaxing a six-hit six-run outburst which brought the Red Sox from behind and chased starter Marius Russo to the showers.

**YANKS BEATEN**

The second-place Red Sox whitled New York's first place Yankees by two runs in the second game of a double-header, with Jim Tabor's circuit wallop in the fifth inning the Chicago Nine-ite clouting up his fifteenth win of the season.

Four unearned runs in the first inning gave Chesterfield's Reds their first win in seven starts, a 5-3 victory over Pittsburgh.

Brooklyn Dodgers stretched their National League lead to seven games by eking out New York Giants, 2-1, as Mel Ott gave up his last one hit—a homer by Johnny Mize—in dishing up his fifteenth win of the season.

## Sidney Takes First Of Play-Off Series

**Five Runs in Last Inning Gives Suburban Softballers 10-8 Decision Over Barons—Errors Pave Way for Runs—Play Again Sunday**

Blowing up in the final inning after running a three-run advantage up to that stage, the Barons lost the first game of the Lower Island senior "A" softball series last night at the Royal Athletic Park in a thrilling bunch of youngsters from Sidney 10-8. The visitors scored five runs in the last frame and all of them were unearned, two bad errors paving the way for the deciding counters.

On Sunday the teams will clash in the second fixture at Sidney, and if a third game is necessary it will be played next Tuesday evening on a neutral ground.

First batter up for Sidney in the last inning was given a life on a miscue by McBride and then Elliott tapped a single through the infield. Harvey went out and Grounder dropped a long fly in left-field front the bat of Sanabury to load the bases. Kent came to the plate and laced another single into safe territory and two runs came in. After Byers was put out, Primeau smacked one of Lesson's pitches for a circuit drive to end the scoring.

The Barons had a chance to do some scoring in their half of the inning when Renfrew hit a long three-bagger but he died there when his mates failed to come through.

Ray Byers, former Leighoreneen pitching ace, went the distance for the winners and was hit hard at times but he blanked the Victorians in the last three innings. Lesson did the heavy work for the losers but his mates lost the decision for him through costly errors.

Score by innings

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Sidney | 3 | 2 | 0 | 0 | 0 | 0 | 0 | 0 | 5 | —10 |
| Barons | 3 | 0 | 2 | 1 | 0 | 2 | 0 | 0 | 0 | —8 |

Batteries: Byers and Harvey, Lesson and Harper.

## EX-GRIDDER DIEPPE HERO

**Col. Cecil Merritt, Former Vancouver Athlete, Gave Brave Display**

VANCOUVER, Aug. 20.—(CP)—The young Vancouver colonel whose bravery was the talk of every man who saw him in action at the Dieppe raid was identified here tonight as Col. Cecil Merritt, former star for the Vancouver Athletic Club in Western Canada football.

Colonel Merritt is in command of the South Saskatchewan Regiment, which successfully took its objective at Pourville, part of the Commando assault.

Wallace Reyburn, of the Montreal Standard, one of the news correspondents accompanying the raiding force, returned to England to tell of Colonel Merritt in action.

Colonel Merritt was born in Vancouver and after attending schools here and University School, Victoria, later graduated from Royal Military College, Kingston, Ont.

He returned to Vancouver, where he played four seasons with V.A.C., including their unsuccessful trip to Calgary where they were defeated by the Bronos in the Western semi-final in 1931.

He practised law in civil life but from the time of his R.M.C. graduation he was a member of the Seaforth Highlanders Battalion reserve force.

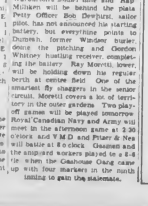
On the outbreak of war he volunteered for active service and went overseas with the first Canadian contingent.

He took a course at the Camberley Staff College in England and was on the staff of the Second Division before taking over command of the South Saskatchewan Regiment.

Colonel Merritt has a brother and sister serving overseas. Lieut. Bill Merritt with the Seaforth Battalion, and Mrs. Jack MacMillan with the Canadian mechanized transport. His father, Capt. Cecil Merritt, was killed while serving with the Seaforths at Ypres in the first Great War.

There has been no successful invasion of British since 1066, no civil war since 1660.

## Secured by Canada



RAY MORETTI (Navy)

ROYAL Canadian Navy and Army baseball nines will open their Oak Ridge Cup semi-finals this evening at Royal Athletic Park when they meet in the first game of the best-of-three series. Gerry Whitney, upper left will parade to the mound for Lieut. Warburton's soldier nine and Ray Moretti will be behind the plate. Petty Officer Bob Dewhurst, sailor pilot, has announced his starting battery, but everything points to Dumont, former Windsor Bulldog, down the pitching and Gordon Whitney hustling receiver, completing the battery. Ray Moretti, lower left will be holding down his regular berth at centre field. One of the smartest fly shaggers in the senior circuit, Moretti covers a lot of territory in the outer gardens. Two play-off games will be played tomorrow Royal Canadian Navy and Army will meet in the afternoon game at 2.30 o'clock and V.M.D. and Pitaer & Nee will battle at 8 o'clock. Gaudaet and the unsigned workers played to a 6-6 tie when the Dockmen Chalg came up with four markers in the ninth inning to gain the stalemate.

Promoter Jack Price Laying Foundation for Card Here Next Month

Professional boxing will return to the city next month, and in a big way, Jack Price, Vancouver fight promoter, stated yesterday when interviewed in his hotel room at the Dominion. Mr. Price has been in Victoria for the past two days looking over the situation. Being satisfied that the town would support first-class boxing cards, the Manitoba matchmaker went ahead and laid his preliminary plans for the staging of his first programme in September.

"I have already what I think is an ideal set-up to put on shows here. Veteran Promoter Cliff Denham, manager of the Dominion Theatre, regarding the use of the Royal Victoria Theatre, and I expect to complete the deal today. He took me all through the theatre, and after close inspection, I figure it is the right spot. Its location is central and no matter where a person sits in the place he has a good view of the ring," stated Mr. Price.

**LINDSAY COMING**

Price said that Kenny Lindsay, Canadian featherweight champion, would be given top spot for his first card and that a worthy opponent would be chosen to face the Vancouver boy in a title bout over the fifteen-round distance. His first prospects in sight already but won't decide for some time just who will get the decision. The promoter is not prepared to announce the date of his initial programme. "It may be on Labor Day or around the middle of September, but I won't waste any time lining things up once I get the go-ahead signal from the proper authorities," continued Jack as he reached for another cigarette.

The biggest promotional deal put through by Matchmaker Price was the world's championship bout between Leo Salica, then the bantam king, and Kenny Lindsay, some months ago in Vancouver. It attracted the largest crowd in the Mainland city's boxing history, and the attendance would have been bigger if a threatened blackout hadn't taken place.

When the big show was staged in Vancouver just recently for the benefit of the Merchant Marine, the officials called in Mr. Price to handle the situation, and he put it over in grand style. Jack promoted fights in Saskatoon for a long time before coming to the Coast.

## Sports Snapshots

By SCOTT TOUHEY

Canadian Press Staff Writer

TORONTO, Aug. 20 (CP)—A few days ago at Connaught Park in Ottawa a little man celebrated an unusual anniversary. He and all afternoon in an automobile near the track's stand, wringing the newsgreeting old friends.

Nine years ago that day Dave was a bad spill at Connaught a horse named Skirt broke her neck and a jockey named Mary Hall was carried, limp and quiet, to a hospital. Doctors gave him little chance of living, but Jimmy Davoo came through—paralysed from the hips down.

The little man in the car was Jimmy Davoo, now a television station operator in Montreal. Since he was released from hospital a few months after his accident he has done his traveling by automobile, train and wheel-chair. As for reliving the Ottawa Journal Westerly fold of his good friends, the lack of bitterness, as he celebrated the anniversary of an accident at which only he can laugh. His friends still shudder.

**INCIDENTALLY**

Elmer (Montreal Herald) Ferguson quotes Wild Bill Lonsbrough of his penny bruisers and scars. All but one came from wrestling fans, not wrestlers . . . that one, Lonsy can impress this slip and wistful reminiscence: "When I was early in the game, I wrestled that big six-a-bum, Abe Mountain Dean. He weighed about a ton, fell on me, and broke my back. Really did fracture something there. The doctors told me I would never wrestle again. But in a year and a half, I was back. The first fellow I met was Man Mountain Dean. I broke his leg in two places" Ian's civilization wonderful?

Winnipeg Blue Bombers' Reg Threlfall, whose backfielders have blocked like nothing on earth in previous seasons, is trying out a backfield, a carnival set of contraband with sports decisions over Private Zirtz and Henry Armstrong, makes his bow in Madison Square Garden tomorrow night against unbeaten "Sugar Ray" Robinson, the Harlem skinny man with the punch that's kicking broncho.

They tangle for ten rounds—go ions—and from indications it would do Ruben a lot of good if he could take a fatal limit for a thing with him, because the sugar man is about 1 to 4 to chalk up the 123rd straight win in his string. This writer takes Ray to put the lights out for the space-chinned Hebrew inside of seven heats.

The lure of Robinson's fists, built up through his run of thirty-three professional and eighty-nine amateur outings without a loss, probably will induce some 10,000 customers to dig in to a gross pot within shouting distance of $25,000.

Naturally, Shade doesn't agree with the majority opinion. He came East after getting a close decision over Armstrong a couple of months ago in Denver. In his two recent bouts, Zivic-Zale in Newark—he tried to chin first session, given under the auspices of the Oak Bay playgrounds committee.

# NEGRO WILL FACE SHANK

**Robinson Going After 123rd Straight Fight Victory Tonight**

NEW YORK, Aug. 20 (CP)—Robinson, Harlem Negro boxer who has won 123 consecutive bouts, will defend his world welterweight title against Fritzie Zivic, Pittsburgh veteran, in Madison Square Garden tonight.

Robinson, who has won 89 amateur and 33 professional bouts without a defeat, is a 4 to 1 favorite to retain his title.

Zivic, who has won 89 professional bouts and lost 24, has been training for the bout at Lake Hopatcong, N.J.

Robinson, who has won 89 amateur and 33 professional bouts without a defeat, is a 4 to 1 favorite to retain his title.

Zivic, who has won 89 professional bouts and lost 24, has been training for the bout at Lake Hopatcong, N.J.

# GROUND CREWS CONGRATULATED

**Splendid Job Done in Servicing Planes When Battle Still Raging**

WITH THE R.C.A.F. BOMBERS IN ENGLAND, Aug. 20 (CP)—Congratulations showered today on the Canadian men behind the men who man the aircraft guns—ground crews who made possible the brilliant R.C.A.F. exploits in the Battle of Dieppe.

They have been a splendid job," read a message from Wing Headquarters received while the backroom men at this station while the great air battle of Wednesday were still in progress and roaring planes were returning for rapid refueling and rearming and then taking off again.

The message added: "Carry on for a few more hours and a great air victory will be ours."

**HOT AND HECTIC**

Veteran fliers, riggers and armorers who helped keep planes flying during the Battle of Britain declared today that the Dieppe air action was as hot, hectic and furious as the most action-filled days of the air fights over London in 1940.

Between sagas, the ground crews spoke with pride of the grim battle run-ways under tarpaulins and ground sheets. They propped their weary heads on their tool kits and, often the next man's boots. They didn't seem to mind and worked at it long as they could be on hand to service the returning battle kites.

"Look at those guys," said Sergt. Ted Rintoul of Winnipeg, senior non-commissioned officer of this fighter squadron as he pointed to his grimy crews. "They'll go until 2 o'clock tomorrow if they have to. A few days ago everyone was a little brassed off and there was no pep in the outfit. But today . . ."

**WORKING SWIFTLY**

By noon the groundmen were stripped to the waist and working skilfully and swiftly on aircraft going out on reconnaissance sweeps grey-haired Sgt. L. H. Clayton of Winnipeg, a veteran of the Royal Flying Corps, insisted that the Battle of Britain was no tougher on the ground boys.

In those days our boys were fighting almost "by the book," and they were continually coming in singly or by twos and threes to refuel and get more ammunition. This time they're coming back as a squadron and that means a terrific amount of work to be done in short order."

So fast did the ground men operate that a squadron could return to action be serviced and sent again in twenty minutes.

**ON THEIR TOES**

At this rate they would hear first the hum of home-coming aircraft, and the fitters, riggers and armorers edged to the fringe of the flying field, almost on tiptoe in their eagerness.

"It's when they weren't about they recognised the plane. . . "He's my plane," said a young rigger as they would notice the white covers on the cannon and machine guns shot away.

The sergeant waved a returning plane to its dispersal point, coming to me, baby, come to me."

Pilots and riggers crouched outside the flashing arc of the propeller ready to swarm to work. In the next instant almost a dozen different jobs were started and when the plane took off, a look of sheer joy flashed in the faces of the men.

Here are just a few of the men in overalls who helped fashion the Canadian air triumph over Dieppe:

Cpls. Bill Kovach, of Medicine Hat; T. W. Barnes, of—Moose Jaw, L.A.C. Russell Apps, of Vancouver; Earl Oshong, of Bourgie, Sask.; D. Orlin, of Victoria, A. Gunderson, of Edmonton; John Neill, of Edmonton; S/ F. Tickman, of Regina, and J. D. Stephenson, of Edmonton.

# ICE MOGULS MEET TODAY

**Professional and Amateur Officials Are to Discuss Hockey's Future**

TORONTO, Aug. 20 (CP)—A general feeling among hockey followers is a meeting of professional and amateur hockey officials here tomorrow will produce an announcement on the game's future finds no support among the officials who will attend the meeting.

Frank Selke, acting general manager of the Toronto Maple Leaf Gardens, Ltd., said today on the question of continuance that "we don't expect to hear for some time what's ahead for."

Selke repeated the statement made last week by Frank Calder, president of the National Hockey League that the meeting tomorrow is strictly a routine affair.

"The relations committee of the NHL will meet with representatives of the Canadian Amateur Hockey Association regarding extension of the agreement we made some time ago to pay for amateurs not signed into professional ranks," Selke said. "Frank Calder, Lester Patrick of New York Rangers and I are on the relations committee."

**PATRICK TO ATTEND**

Selke said Calder had been no opposition to the professional-amateur agreement, and that it likely will be reached. Calder and Patrick were expected to arrive here tonight.

Presidents of the American Hockey League and American Association have been invited to attend the meeting. This may indicate that continuance of professional hockey during wartime will be discussed a session other than the routine NHL-CAHA conclave.

But it was reported in Ottawa last night that the brief presented by Caldar to Elliott Little, director of National Selective Service has not as yet been answered. Therefore it is believed that any early announcement of professional hockey's future will come from Ottawa.

Meanwhile, CAHA delegates expected to attend the meeting tomorrow are W. N. Hardy of Edmonton, president of the International Ice Hockey Association, and Frank Sargent, of Port Arthur, president of the CAHA.

STOCKHOLM (CP)—The Swedish Post Office Department announces this year's peat production will be doubled to a total of 300,000 tons, forty per cent of which is to be allotted to industry and the remainder to households.

## GRAPHIC GOLF

By BERT BALL

PLAYER SHOULD GET UPED TO DRIVING OFF FROM TEE.

SWING IS BETTER LOOKED AT WHEN FOOT SLOPES UP, SLOPE TO GROUND

B-A

**LOW TEE**

A golf ball perched on a high tee makes an inviting target for the golfer to whale away at, but there is danger in a perfect setting for it often gives a player a false sense of security and he often pays for it later in wood shots through the fairway. Accustomed to the straight in the back method of hitting, because of numerous sessions on the practice tee, the swing is unaccustomed to slashing down on the ball with a long iron shot from a high tee, not only is his swing geared to the high tee, but his eye also and it is not uncommon to see such a golfer top his ball or even on occasions miss it entirely.

True, Bobby Jones used to tee his ball an inch high on his drive but Jones was an everyday golfer and accustomed to the niceties required for every club. The week-end shooter is not nearly as adaptable. He has far less control over his clubhead and for this reason a low tee will help him on ensuing shots if you are seeing the ball afterwards hair try the change and see if your game doesn't improve.

## DOMINION BILLS GEORGE FORMBY

**English Comedian Has Four New Big Song Hits in His Latest, "Seaish American George"**

No George Formy picture would be "in order" without a quota of those musical numbers which are part and parcel of the great comedian's films. In "Seaish American George," Formby's first big Columbia production, starting today at the Dominion, there are four hits that certainly well served on the musical side.

In the new picture, heralded as George's most ambitious effort, the comedian sings four big hit numbers specially written for the production and, naturally, has a syllable unlikely is very much to the fore. One of the numbers is called "I'll Do It With a Smile," is a catchy, haunting melody which the whole nation will be humming before the outstanding tunes are "Swing Mania," "My Seaish Girl" and "Such a typical Formby comedy number. The Dominion also has a short and Crown," which the comedian puts over as only he can.

**YORK** "49th Parallel" now **THEATRE** showing on the screen of the York Theatre tells in a realistic manner of how six Nazis landed on the barren shores of Hudson Strait, when their submarine is bombed and sunk with their comrades by members of the R.C.A.F. try to escape to the United States by devious means and routes, and how as each one runs his head into the stone wall of democracy he is disposed of. The native Nazi mind with its inherent mercilessness and twisted thinking is well illustrated.

**RIO** Leo Gorcey, one of the **THEATRE** toughest hoodlums ever to the "East Side Kids" hit-and-run comedies, has had to take boxing lessons for his role in Monogram's "Bowery Blitzkrieg" at the Rio Theatre. Gorcey is seen as an amateur boxing champion in the film, but there is a great difference between appearing and boxing, so he had to take several falls in the manly art of self-defence.

**PLAZA** In Private Buckaroo," **THEATRE** at the Plaza Theatre for a hold-over show, Harry James and his orchestra and his ara co-starred with the Andrews Sisters. Prominent on the long supporting cast are Dick Foran, Joe Sawyer, Lee Bonnell, Mary Wickes, Richard Davies and other screen favorites.

**OAK BAY** The Oak Bay Theatre, **THEATRE** for the first time in its history, departs from its usual policy of running the same bill as that at the Plaza Theatre to present the Oak Bay patrons with an opportunity to see Wilfred Lawson, noted English actor, in the film, "It Happened to One Man." The picture is one of the better English-made films and should prove highly entertaining.

**CAPITOL** Hitherto, Rosalind **THEATRE** Russell's experiences with spy rings and spies has been her forte in motion pictures. But as one phase of her participation in the war effort, the lovely Miss Russell is taking a course in code work in addition to her course as an airplane driver and mechanic. Busy

## AMUSEMENTS

**On the Screen**

**Atlas Theatre**—"Major Barbara," starring Wendy Hiller and Rex Harrison.

**Capitol Theatre**—Rosalind Russell and Fred MacMurray in "Take a Letter, Darling."

**Dominion Theatre**—"Seaish American George"—starring George Formby.

**Oak Bay Theatre**—Wilfred Lawson in "It Happened to One Man."

**Plaza Theatre**—"Private Buckaroo," starring the Andrews Sisters.

**Rio Theatre**—Featuring the East Side Kids in "Bowery Blitzkrieg."

**York Theatre**—"49th Parallel," starring Leslie Howard.

**CADET** George Bernard Shaw **THEATRE** wrote "Major Barbara" thirty-five years ago, and in that era it was considered "advanced." Now in 1942 Gabriel Pascal has made the play into the picture, now at the Cadet Theatre, and curiously enough "Major Barbara" is proving itself extremely topical and timely. In fact, the whole original play is as contemporary as the next air raid alarm.

**ATLAS** Continuing their New **THEATRE** Era of film biographies of famous composers, Twentieth Century-Fox is currently bringing to the screen Sir Gilbert Sullivan, the story of Paul Dresser Frawley and has hailed the Technicolor

My Gal Sal as the finest piece of musical Americana yet produced. The film stars Rita Hayworth, Victor Mature, John Sutton and Carole Landis, with Irving Cummings directing the feature, which is now at the Atlas Theatre.

## ACCLAIMED TEAM IS UNITED AGAIN

Orrey Carson and Walter Pidgeon, outstanding members of the cast of "The Duke," are reunited in a totally different type of play in M-G-M's Mrs. Miniver" showing at the Capitol Theatre today. Carson is the heroism of English families under bomb raids and danger open at the Monday to the Capitol Theatre. The film is a story of war story though war is its background. It concerns the inhabitants of a small English village middle-class people who try valiantly to live life as usual through under constant peril for the sake of morale on the home front. Air raids on the near at Dunkerque and the final bombing of the village are among its thrills. Through these run minute human episodes of family life even in air raid wars, and some comedy and romance of everyday folk.

## PIGEON RACING

The Victoria and District Racing Pigeon Club held its final young bird race of the season recently from Kamloops, an airline distance of 180 miles, and released at seven birds, representing seven lofts. Liberated with good weather prevailing the birds made fast time and records and velocities are as follows:

| | Yds per Min. |
|---|---|
| B. Woolley | 1,011.891 |
| J. Bowcott | 1,001.001 |
| W. R. Thit | 1,007.6 |
| J. Bowcott | 993.6 |
| W. McPherson | 987.9 |
| J. Bowcott | 986.4 |
| D. Blackstone | 983.6 |
| J. Boyle | 967.8 |
| J. Bowcott | 951.6 |
| R. Knott | 943.8 |
| Wm. Coy | 912.0 |

J. Bowcott won the post and B. Woolley captured the prize for the young bird average.

## IT'S CROWN BOMB

# VETERAN FLYER PROMOTED HERE

## Group Capt. K. M. Guthrie Becomes Air Commodore —To Remain on Coast

Senior administrative officer of Western Air Command since March 21 of this year, Group Captain K. M. Guthrie has been promoted to air commodore.

Western Air Command now has two officers of air rank, Air Vice-Marshal L. F. Stevenson, air officer commanding-in-chief, having recently been promoted from air commodore. The announcement, made at headquarters here yesterday, said Air Commodore Guthrie would continue in his present position.

A Flyer of the First Great War with wide operational and administrative experience in the R.C.A.F., Air Commodore Guthrie served as senior air staff officer at Eastern Air Command immediately prior to coming to Victoria.

He joined the Royal Flying Corps as a pilot in 1917 and served overseas until 1918. Returning to Canada he joined the Royal Canadian Army Medical Corps, with which he served until his appointment to the newly-organized Air Board in the latter part of 1920.

### ON MANY STATIONS

Since that appointment, Air Commodore Guthrie has served at numerous stations in the Prairie Provinces and in the East, in flying and staff duties. From 1935 to 1936 he was in charge of air force personnal at headquarters, Ottawa, returning in the latter year to active flying duties in Western Canada. In 1937, he graduated from the R.A.F. Staff College and assumed the appointment of air staff officer, Military District No. 10.

In 1938 he assumed the post of assistant director of militia and air force intelligence at Ottawa. Three years later Air Commodore Guthrie was appointed commanding officer of the R.C.A.F. station at Rockcliffe, Ottawa. He became senior air staff officer of Eastern Air Command just prior to the outbreak of war.

# 2nd Scots Band Wins Cup

THE W. J. Stewart Cup, symbolic of the Dominion championship, was won by the pipe and drum of the 2nd Battalion, Canadian Scottish, under Pipe Major Ian Duncan, in competition with nine other bands in the Caledonian Games in Vancouver on August 1. The members of the band are believed to be the youngest yet to win the trophy which was presented in 1914 to the Caledonian Society of Vancouver.

Great War Band.

for annual pipe band competition. It was won that year by the 72nd Seaforths, of Vancouver, which have won it several times since. Other bands which have held the trophy more than once include the Transcona Shop's Pipe Band, C.N.R. and the Vancouver Police. The W. J. Stewart Cup first came to Vancouver Island in 1926 when it was won by the Comrades of the First

## Obituary

WAGLAND—Last rites for Mrs. Isabelle Wagland, Dunsmuir Lodge, at 2 o'clock in Bands Mortuary Chapel, with Rev. R. C. B. Deverell officiating. Burial will be in Ross Bay Cemetery.

SKELTON — Funeral services for Mrs. Barbara Campbell Skelton, who died on Monday, were held yesterday afternoon in Sands Mortuary Chapel, with Rev. Frederick Comier officiating. Hymns sung were "Peace, Perfect Peace" and "On the Resurrection Morn." Pallbearers were W. Shephard, E. Rowbotham, P. A. Block, J. Armstrong, W. Chadwick and P. Bossom. Interment was made in Royal Oak Burial Park.

CLANCEY — Last rites for John Clancey, sixty-four, who died in Royal Jubilee Hospital on Wednesday, will be held in Hayward's B.C. Funeral Chapel at 11 o'clock today. Rev. Canon Beer will officiate. Committal service and burial will be in Ross Bay Cemetery.

LYNE — Relatives and many friends attended when last rites for Samuel Lyne were held in

It's Dry...that's why

"CANADA DRY*"

Quenches Thirst Faster

Give children all the ginger ale they want, but, be sure it's the best. For almost fifty years Canada Dry has maintained its fine, wholesome, invigorating quality. Parents and doctors the world over agree Canada Dry is a safe drink for young folks.

*It's really healthful, too, because it's dry—(less sweet). For real refreshment at work, at play, at mealtime, there's nothing quite so good as the original "Canada Dry," The Champagne of Ginger Ales

• The economical Regular bottle contains five glasses—for parties, picnics, cool summer drinks.

• The convenient Club size Canada Dry bottle provides handy half a dozen extras. Buy it on the easy-to-carry six-bottle carton.

The Champagne of Ginger Ales

CD-10-V

# GEN. ROBERTS OLD SOLDIER

## Man Who Led Canadians in Dieppe Raid Served in Great War

OTTAWA, Aug 20 (CP) — Maj.-Gen. J. H. Roberts, fifty-one, who commanded Canadian troops speaking raid on Dieppe, is an experienced permanent force officer who saw extensive service in France during the first Great War with the artillery.

If Gen. Roberts went ashore with the attacking force today, it would be his second visit to French territory during the present conflict. He was in France in command of an artillery formation in the dark days of June, 1940, when some Canadian battle were sent there to support the retreating Allied armies.

With the rest of the Canadians, his regiment was ordered back to England when France fell and—as a Defence Department statement puts it—he "brought back every gun under his command".

### FROM KINGSTON

Gen. Roberts, a native of Pipestone, Man., is from Kingston, Ont. He was educated at Elmwin College Surrey, England; University School Victoria, Upper Canada College, Toronto and Royal Military College at Kingston.

Commissioned in the Royal Canadian Artillery on graduation from R.M.C. in June 1914, he went to France in October, 1915, serving there continuously until he was wounded in March, 1918. He then became an instructor at the Canadian School of Artillery until the Armistice.

For his war services he was decorated with the Military Cross. Returning to Canada in December 1918, he continued in the reorganized permanent force, rising to brevet major in June, 1929, and being confirmed in his majority in March, 1934.

### WITH ARTILLERY

He was a lieutenant-colonel at the outbreak of this war and went overseas with the artillery in the early days of the conflict. He was promoted to the rank of brigadier July 17, 1941, and after assuming command of a Canadian division was promoted to major-general April 6, 1942.

Gen. Roberts passed the gunnery 1931-33 and took various courses in England 1930-31. A keen sportsman he is particularly interested in Rugby, cricket, tennis, badminton and polo. His hobbies are shooting and fishing. His wife died in October, 1941.

Gen. Roberts has three sons. Sergeant John G. B. Roberts, nineteen, of Kingston, Ont., and twins, Lt. Richard Roberts, R.C.H.A. overseas, and Capt. William Hamilton Roberts, R.C.A., overseas, both twenty-three, of Kingston.

### FIRST NURSERY

TORONTO, Aug 20 (CP). — The first day nursery to be established under the Ontario Government's plan to care for small children of mothers engaged in war work will be set up in Toronto, it was announced here today by Hon. Farquhar Oliver, Provincial Welfare Minister.

### RESCUE SQUADS

HALIFAX, Aug 20 (CP).—Six "rescue squads," formed and financed by local construction companies for the purpose of extricating persons trapped in wrecked buildings in case of air emergencies, held their initial meeting last night. They will work in conjunction with civil emergency units.

# MEDITERRANEAN MAY BE FRONT

## Third Front in Middle East Is Likely to Be Opened Soon

LONDON, Aug 20 (AP) — The attention Prime Minister Churchill gave to the Middle East on his trip to Moscow lays new shuffle of the Allied Command in Egypt and the constantly increasing reinforcements in that theatre were seen tonight as signs that the Mediterranean might soon become a major front in the war.

Behind the bleak communique phrase "there is nothing to report" in desert fighting London observers saw evidence that the United Nations were building up offensive power possibly for a real third front in the Middle East coincident with a second front in Europe.

Not the least of these signs was the increasing number of United States men, tanks and planes arriving from Britain in Southern Egypt and the Canadians might even take over air operations in this area entirely.

The number and variety of Mr. Churchill's conferences during his visit to Cairo suggested decisions of greatest magnitude were reached.

The Prime Minister saw representatives of virtually every Allied Nation concerned in Middle East operations. En route to Moscow, he walked, rode or flew over the whole semi-circle around the Mediterranean which the Allies are guarding from El Alamein in the Western Desert to the Caucasus in Southern Russia.

### CUT ON BEER

TORONTO, Aug 20 (CP).—Reduction of the contents of a glass of beer from nine and a half to nine ounces will mean the need of about 864,000 more beer glasses in Ontario beverage rooms.

MONTREAL Aug 20 (CP). — Unable to collect a debt from a taxi owner, a Montrealer petitioned the Superior Court today asking that a bailiff be permitted to ride in the taxicab during "working hours" and collect from each passenger the legally payable amount due. Hearing

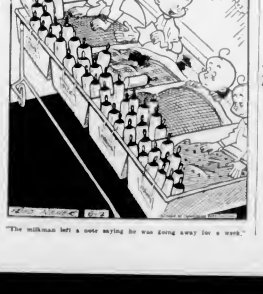
ANSWER TO YESTERDAY'S PUZZLE

# LIFE'S LIKE THAT By Fred Neher



"The milkman left a note saying he was going away for a week."

FAREWELL TO MEN

CAIRO, Aug 20 (Reuter) — A farewell message to the British Eighth Army from General Sir Claude Auchinleck is today announced that in the last month in Egypt Field Marshal Erwin Rommel has lost 10,000 Axis troops in prisoners alone.

In the last two weeks the retiring Middle East commander told his forces, "you have stopped the enemy and forced him on the defensive."

Today You Must Look Ahead

How about that knit suit knit shirt or knit dress?

You had better check up, have them cleaned and blocked ready for cool evenings

## RIVETER CREW GAINS PRAISE

OTTAWA Aug 20 (CP). — Labor Minister Mitchell sent congratulations to Riveter Louis MacDonald and his four-man crew for their record-breaking achievement at a Vancouver shipyard of hammering home 2,500 "tight" rivets during a regular eight-hour shift.

Shipbuilding experts described the feat—established August 3 at a new high in Canadian shipyards and possibly a world's record for driving seven-eighths rivets with a helpers' crew of four men.

Mr. Mitchell told MacDonald and his crew, Alf Harris, John Scott, Walley Herbert and Walter Pudgeon —that "all Canada would appreciate work of this kind."

# FINANCE - COMMERCE - MARKETS

## Specialties Make Modest Advance On Wall Street

NEW YORK, Aug. 20 (AP).—Specialties overrode profit taking with modest advance in today's stock market, but leaders generally shifted to lower levels.

Losses at the start ranged from fractions to a point or so but these were reduced or cancelled in many cases at the close.

Dealings dwindled appreciably on the retreat. Transfers of 308,840 shares compared with 501,810 the day before. The Associated Press average of sixty stocks was unchanged at 27.1. It was a narrow market, 605 individual issues being traded against 710 yesterday.

Of today's total 217 were down, 204 up and 184 unchanged.

Homestake Mining a recent weak spot, came back 1-3 points. Amerada Petroleum was up 1 1-8 at a new 1942 peak, along with Trans-Continental & Western Air. Olin Industries and U.S. Rubber preferred. Union Pacific, declaring the usual $1.50 dividend and reporting a bulge in eastern-months net in relation to the same 1941 period, was one of the few rails to finish a trifle ahead.

Improvement was registered for 7% Pere Marquette Ry. "A" preferred, Youngstown Sheet, Sears Roebuck, Liggett & Myers "B," Reynolds Tobacco "B," Corn Products and Goodrich.

Dow Jones' final was off 2 1-2 on small volume and Allied Chemical lost 3-4.

Declines were shown for U.S. Steel, Chrysler, Bethlehem, General Motors, Santa Fe N Y Central, Anaconda, Montgomery Ward, Boeing, American Telephone and Texas Co.

**DOW JONES AVERAGES**

**Dow Jones averages closed as follows.**

**Thirty industrials, 104.91, off .42**
**Twenty rails, 26.88, off .11**
**Fifteen utilities, 11.67, up .06.**
**Total sales, 308,840 shares.**

Vance will officiate and the interment will be in Ross Bay Cemetery.

## 3 IN MEMORIAM

BLANCH—In loving memory of my sister, Beatrice Nunns, who died August 21, 1941.

Today recalls memories dear,
A lovely one, sister, to you,
And those who knew you best
Are those who loved you true.

The flowers we lay upon her grave
May wither and decay,
But memories of her we have
Will never fade away.

Those from us but not forgotten.
Upon the Heavenly Shore
Beloved thoughts shall always linger
Of her we love and miss more and more.

—Ever remembered by her sister, Mrs. Ada Wagland.

# DANCE TEAM

By SYLVIA TAYLOR

CHAPTER LIX

Tony put his arms around Fay and held her close. Neither could speak for a moment. They were oblivious to the surging throng, to the stars and smiles of amused travelers.

When they drew apart and smiled at each other Tony wiped away the traces of her tears with his handkerchief "Can you forgive me?" he asked, his eyes pleading. "The minute I got to New York I knew I'd acted like a cad. I was coming back to get you."

Her voice was very soft. "And I was coming to find you, darling."

Relief was stamped on his handsome face. "Then you're not going to get a divorce?"

She smiled and took his hand. "Oh, Tony, of course I'm not."

He led her into a restaurant for a luncheon which neither of them was able to touch. They talked and held hands.

"I thought I'd lost you," he said at last. "I'll never lose me" she told him. "Darling, I want to tell you so many things."

He looked at his watch. "I'm taking you to New York, sweetheart. Let's go and reserve a drawing-room, shall we?"

Isn't it too expensive?"

He tucked her hand under his arm and smiled down at her. "This is our second honeymoon, isn't it?"

Not until after the tickets had been bought did Fay remember to tell him about her conversation with Artie. They got through a long distance call and explained what had happened.

"He'll think we're crazy," Tony said and laughed as they boarded their train.

HOME OF YOUR OWN THROUGH A K & B LOAN

**DEAN HEIGHTS**
*but only*
**$3800**
One of the above homes of Victoria among those that have a living-room 24 feet long, panelled throughout, a beautiful Fireplace, has a tiled bathroom and three master bedrooms. "On the 4 Levels."

**BUILDING MORE TELEGRAPH LINES**
Work Is Started on Interior and Inland Circuits Owned by Government

PRINCE GEORGE, Aug. 20 (CP).—Construction work started on the Prince George-Ashcroft section of the Interior Government's programme of improving telegraph and telephone facilities in Central and Northern British Columbia and on Vancouver Island.

Twelve thousand poles are being installed on the 300-mile stretch from Prince George to Ashcroft and four sets of wires to carry twelve circuits including one for radio relay. Prince George, 100 men and twenty-one trucks will be required for the work which is being done by the McGregor Telephone & Power Construction Company, Ltd., of Alberta.

FUNDS GETTING LOW

TORONTO, Aug. 20 (CP).—F. W. Nicolls, director of housing, Department of Finance, announced here today that funds, earmarked for loan under the National Housing Act will only provide between 1,000 and 1,700 new houses for all Canada.

# WORLD CAPITAL UNDER CONTROL

## Governments Might Keep Closer Watch on Economy After the War

LAKE COUCHICHING, Ont., Aug 20 (CP). — The Nineteenth Century

...ed countries to more recently established countries is coming to an end, B. K. Sandwell, editor of Toronto Saturday Night, told the Canadian Institute on Public Affairs in convention here last night.

He predicted that capital might, in postwar years, no longer be "the object of export and import," which it had been in prewar economy. What movement of capital there is will probably be under close surveillance by governments of both countries involved, he added.

### GREATER RISKS

Mr. Sandwell suggested that this condition would partly be brought about by the greater risk attendant upon extra national lending than in the days of the international gold standard.

Per capita trade is not necessarily an index of national wealth, he continued. Canada has one of the highest per capita trade figures in the world but if her population were doubled and her wheat export therefore roughly halved she would be much better off although her per capita trade would fall off.

Mr. Sandwell said if British industry is directed towards catering more largely to the needs of regularly employed and richer workers the country will carry on very well indeed.

He said . . . I hope that Canada and the United States, after being associated with Great Britain in the war will show themselves reasonably receptive to British immigration after the war.

### RUSSIA'S NEEDS

Russia which is not overpopulated and needs technical skill, would gladly accept them, he added.

Earlier in the day a postwar order in which international activity would transcend that of national governments and the means by which such an order might be implemented now were discussed.

Taking part in panel discussion on the postwar possibilities of Russia described as "a sort of reconstituted League of Nations, were Dr. Max Beckman, formerly on the staff of the League of Nations office, Geneva, Prof. A. H. M. Lorar of the University of Manitoba, Dr. Hans Simons of the new School for Social Research, New York, L. K. Rosinger of the Foreign Policy Association, New York; Chad Lewis, national secretary of the C.C.F. and Prof. Jacob Viner of the University of Chicago.

Prof. Lorar suggested one might doubt whether national governments would be willing to give up sovereign rights to such an organization as Dr. Simons had outlined in the institute previously.

Prof. Viner said it was a serious mistake to assume the victorious United States would not be willing to enter into such an agreement. He said that now, after eight months of war the people of the United States were already more united in the idea that nations could not fare the future separately than they had been at any time during the First Great War or at any time immediately following it.

# AGED INMATE IS GRANTED RELEASE

### Woman Confined to Vancouver Nursing Home Given Freedom By Law Court

VANCOUVER, Aug. 20 (CP). — Mrs. Fannie Reid, eighty-eight-year-old widow, yesterday was granted her release from a nursing home. Kingsway Nursing Home, where she was placed on April 11 by her son, Harry Reid.

A statement from the institution that Mrs. Reid was free to leave at will was placed before Mr. Justice J. M. Coady in Supreme Court Chambers after counsel for Mrs. Reid had applied earlier for a writ of habeas corpus directed to Mrs. A. O. Vogel, proprietress of the nursing home.

### ILLEGAL DETENTION

To Mr. Justice Coady, acting in the absence of Mr. Justice Robertson, counsel maintained that his application for discharge was based on the ground that the aged widow was unlawfully detained.

Mr. Justice Coady pointed out that the nursing home, in answering the habeas corpus writ, had stated Mrs. Reid was free to leave the institution when she pleased. This being so, he felt no order was necessary.

He did not alter his ruling though counsel stated that without the order his client could be taken back and held there indefinitely.

## TWO SUFFER INJURIES IN MINOR ACCIDENTS

NANAIMO, Aug. 20 — Two minor accidents occurred here today. Ten-year-old Barbara Richardson, Haliburton Street, suffered a broken right arm when she fell from a fence, and Cyril Barratt in the Nanaimo Hospital being treated for a badly lacerated face, received a shot a bottle he was filling exploded at Rumming's Bottling Works, Wallace Street.

### ONE EXCEPTION

Lady: "In new governess . . . I hope they can will treat my children like . . . of course with the exception of ill) eighteen-year-old son.

# Feels Like Cinderella

WILMINGTON, Cal., Aug. 20 (CP). —So many things happened to Lorraine Mitchell, ten, infantile paralysis victim, she said she felt like Cinderella.

She christened the 10,500-ton Liberty ship Horace Mann yesterday, was a $1,000 War Bond and said he chose paralyzed, brown-eyed Lorraine because she was the bravest person he knew. —

# APPOINTED TO MILITIA POSTS

## Two Named as Commanders Of Engineers in Canadian Divisions

OTTAWA, Aug. 20 (CP). — Appointment of Lt.-Col. Arthur Louis Tregillus, fifty-three, of Calgary, and Lt.-Col. Norman Clair Campbell, forty-seven, of Mount Royal, Que., as commanders of the Royal Canadian Engineers for the 6th and 7th Canadian Divisions, respectively, was announced by Defence Minister Ralston. Both divisions are assigned to home defence duties.

Colonel Tregillus born in India and educated at schools in India and England was appointed lieutenant in the Canadian Engineers of the Canadian Expeditionary Force in January, 1916, and served overseas in the first Great War. A civil engineer in peacetime he was appointed to the 19th Field Company, R.C.E., of the non-permanent active militia as a lieutenant in 1933. A unit overseas when the present war started as a captain in the 9th Army Troops and then served as a officer commanding a training wing overseas with rank of acting lieutenant-colonel.

Colonel Sutherland was born in Montreal, P.Q., and his first Great War service brought him the Belgian Croix de Guerre.

He was appointed officer commanding a pioneer battalion and then overseas with his unit shortly after the present war started.

## VOCALISTS WIN PRIZES

With insufficient entries for the duet competition at the civic cheer-up concert in Beacon Hill Park on Wednesday night singers competed singly. First prize was awarded to Cpl. M. Lilio, R.C.A.M.C., second prize was won by Stoker J. Stewart, R.M.C.S. Nadeo, and third prize by Cpl. G. F. McDonald 2nd Battalion. The Canadian Scottish Also popular with the large gathering was Miss Evelyn McLaren guest artist, who sang two solos and danced.

# Supports Savings Plan

AMONG the many Victoria citizens giving support to the War Savings plan is R. W. Mayhew, M.P., pictured above while purchasing a War Savings Certificate from "Miss Canada." In discussing this particular phase of Canada's war effort, Mr. Mayhew recalled the promise Canada has made to the men in the army, navy and air force to ship them supplies in ever-increasing quantities. He said that while higher taxes and increased voluntary savings are necessary, the present standard of living in Canada can and must be reduced. "Even if we do have to cut our budgets, the inevitable reward will more than compensate for anything we may give up," he said. "We have a great army of Canadian boys in England, trained to fighting pitch and ready to go over the top at the appointed time; a navy patrolling the seas in all sorts of weather, protecting vital convoys and keeping steady watch for raiders; an air force of which we are all justly proud, and air training centres where the youth of Canada are taught to keep em flying. We have made a promise to these lads—a promise that must be kept."

# URGES FARMERS TO BREAK JAM

WASHINGTON, Aug. 20 (CP). — Agriculture Secretary Claude Wickard called upon United States farmers to take the lead in breaking a price control "log-jam" by giving up a provision of the price control law prohibiting ceilings on farm prices at less than 110 per cent of parity.

"Today the 110 per cent provision is being pointed to by many groups to prove that farmers are asking for more than their fair share," he said. "It is being used as an argument to slow down economic controls in other fields. I believe it would be wise to repeal this provision."

Under this recommendation, made in a speech prepared for broadcast over the Blue Network, price ceilings on farm products could be established at a parity level.

Wickard also advocated the payment of Government subsidies in order to allow parity prices provided an insufficient incentive

## MERCHANT SHIP SUNK

WASHINGTON, Aug. 20 (CP). — The United States Navy announced today that a medium-sized British merchant ship was torpedoed and sunk by an enemy submarine during the middle of June in the Atlantic, several hundred miles off the coast of South America and survivors have been landed at a Gulf Coast port.

## SMALL SALMON PACK

VANCOUVER, Aug. 20 (CP). — The weekly bulletin of the Federal Department of Fisheries issued today shows that British Columbia's canneries packed 515,566 cases of salmon in the week ending August 15 in the week ending August 16, 1941 the pack amounted to 704,726 cases. The bulletin notes that only one cannery is being operated at Rivers' and Smith's Inlets this year.

CAPETOWN (CP). — The Cape tobacco crop for the season is estimated at more than 500,000 pounds, including 25,000 pounds of Virginian tobacco. Last year 200,000 pounds of Turkish tobacco was exported.

# LAST BATTLE TO BE IN ALEUTIANS

## Dimond, of Alaska, Declares Crucial Conflict to Pacific Will Centre In North

WASHINGTON, Aug. 20 (CP). — When the final battle of the war in the Pacific is fought it is likely to be waged in the Aleutian Islands and not in the Solomon Islands, Delegate Dimond of Alaska predicted today at a meeting of the Junior Board of Commerce.

"If the old strategic principle that one follows the shortest line to advance against the enemy is valid," Dimond said, "the crucial battle of the Pacific will be fought in the North Pacific."

Dimond said that the late Brigadier-General William L. Mitchell foresaw the present war and had warned that to win it the United States must advance against Japan through the Aleutians and thus carry air bombardment to Japanese cities.

Flags in the Aleutians Dimond said, "would be worn no more than those near Halifax, and said that United States forces would have to fight in fog if this country were to win the war.

"There is no substantial ground to prove we can't fight just as well in the fog of the Aleutians as the Japanese can," he added.

## PROVIDED

"The 'hot-gospeller' was giving it thick and strong to his unimpressed audience. During his address, he kept on repeating the phrase: 'There will be weeping and gnashing of teeth.'

A member of the congregation, getting rather bored, remarked: 'Let them gnash them, then chu.. as them.'

To which came back the solemn reply: 'My friend, teeth will be provided.'

## TAKING NO RISKS

A youth came to a farmer to borrow a lantern. At first he refused to do so, but he wanted it so badly he eventually confessed that he wanted it to go courting. The farmer was scornful.

"I did my courting without a lantern! Yes" replied the youth, and took at your missus"

# Sugarless Recipes Gain Rapidly in Popularity

Sugarless recipes are gaining rapidity in popularity, so much so there has been a run on sugar substitutes. In the following recipes dark corn syrup can usually be substituted for light if there is difficulty in securing the latter.

### PEANUT CLUSTERS

½ lb sweetened chocolate
1 cup peanuts
½ cup Eagle brand sweetened milk

Melt chocolate which has been cut in top of double boiler. Remove from fire and add Eagle brand, and peanuts. Stir until it thickens and drop by spoonfuls on buttered sheet and chill thoroughly.

### CHOCOLATE TRUGGLES

½ lb. sweetened chocolate
½ cup Eagle brand sweetened milk

Melt chocolate in top of double boiler. Remove from fire and add Eagle brand, stirring constantly. When mixture thickens drop from spoon on buttered sheet to cool

### KRISPIE MARSHMALLOW SQUARES

½ cup butter
½ lb marshmallows (2 dozen)
1 pkg. Kellogg's Rice Krispies, 5½ oz.

Melt butter and marshmallows in double boiler. Add vanilla. Beat thoroughly to blend. Put Rice Krispies in large buttered bowl and pour on marshmallow mixture, stirring briskly. Press into shallow buttered pan, cut when cool. Nuts and coconut may be added and puffed wheat or puffed rice may be substituted for the Krispies.

### MOLASSES MINT TAFFY

2 cups molasses
2 teaspoons vinegar
½ tablespoons Crisco
½ teaspoon salt
½ teaspoon soda
½ drops oil of peppermint

Cook molasses and vinegar slowly, keep stirring until temperature is 270 Fahrenheit, or until syrup is brittle in cold water. Remove from fire, add Crisco salt and soda. Stir until mixture ceases to foam. Pour into greased pan. When cool enough to pull pour peppermint in center of Pull until light in color and firm. Roll into a thin rope cut and wrap in waxed paper.

### GINGER BARS

1¼ lbs. pitted dates
1 cup oatmeal
½ cup preserved ginger

Put all through food chopper. Flavor with lemon extract or lemon juice roll in balls or cylinders in crushed graham wafers

### CANDY

#### Chocolate Smothies

4 cup milk
4 squares chocolate
1 cup maple syrup
4 tablespoons flour
½ cup water
1 cup ground nuts or grated coconut

Cook chocolate and milk in top of double boiler until very thick. Add maple syrup and continue cooking until mixture is smooth. Dissolve flour in water and add to chocolate mixture, stirring constantly. Continue cooking until mixture thickens again. Cool and set in refrigerator for several hours. Then drop by spoonful in ground nuts or coconut and roll into balls. Chocolate mixture must be well coated with nuts or coconut, otherwise it will be too sticky. These must be kept in the refrigerator

#### Nuggets

½ cup dark corn syrup
¼ cup maple syrup
¼ cup chopped walnuts
¼ cup grated coconut

Boil corn syrup and maple syrup until it forms a hard ball when dropped in cold water. Remove from fire add walnuts and coconut and drop on buttered pan, in very small drops

#### Coconut Marshmallows

4 tablespoons light corn syrup
1 tablespoon butter
1 tablespoon water
½ lb. marshmallows
1 pkg. grated coconut

Boil corn syrup, honey and water for 1½ or three minutes, remove from stove and cool. Spear marshmallows on skewer, one at a time dip in syrup, then roll in coconut. Coconut may first be toasted, if desired.

#### Honey Caramels

½ cup butter
½ cup light corn syrup
½ cup honey
1 cup chopped walnuts
1 cup chopped dates

Cook butter, corn syrup and honey over low heat until mixture reaches 270 degrees or until stiff ball is formed when tested in cold water. Remove from fire and add dates and nuts. Pour on buttered pan and cool. Cut in squares and wrap in waxed paper.

#### Butterscotch Pecan Roll

½ cup dark corn syrup
½ cup light corn syrup
½ cup water
1 tablespoon butter
2 cups pecans

Cook corn syrup and water together to soft ball stage 240 degrees; remove from fire and stir in butter. Beat until mixture begins to thicken. Add 1 cup pecans, chopped. Form into roll and roll into remaining cup of whole pecans. Place in refrigerator to cool, then slice with sharp knife in ¼-inch slices.

# STUDY TRANSIT PROBLEMS NEXT

## Steps to Be Taken to Meet Increasing Demands in the Larger Canadian Cities

OTTAWA, Aug. 20 (CP). — Steps will be taken "within a few weeks" in Ottawa, Montreal, Toronto, Winnipeg, Vancouver and all other large centres to meet the rising demand for public transportation, Transit Controller George Gray announced tonight.

Plans being drafted to relieve congestion of transit facilities, Mr. Gray said in a statement, will not be confined to staggering of hours, but all include curtailment of the number of stopping places for street cars and buses and "other measures to encourage the freer movement of traffic."

He promises that all the adjustments necessary will not be made by the public

### CHANGE AT OTTAWA

"A study now is under way in the Ottawa area of the transit situation as it will affect Government employees, business and industrial workers, and the general public" the statement said. "A scheme will be devised which will embrace certain staggering of working hours, but the staggering will not necessarily involve a wide spread in hours as has been indicated.

"Congestion on street cars and buses of Ottawa and other large centres is already on the increase. It is plain that with vacations over, with children returning to school, with the coming of bad weather, and with the likelihood of further curtailment of passenger car travel, the volume of traffic on the public transportation systems will be so great as to call for drastic control."

### MORE IS NEEDED

A recent appeal for scrap rubber brought in thousands of pounds of old tires, tubes, crepe soles, toys, etc. Every ounce of scrap rubber which can be collected is required in order that Canada's armed forces may not lack supplies.
